This Supplementary Product Disclosure Statement (SPDS) is effective from 1 August 2026 (Issue Date). This SPDS is issued by TAL Life Limited ABN 70 050 109 450 AFSL 237848 (TAL).

1. Purpose of the SPDS

This SPDS has been issued to update the Product Disclosure Statements and Supplementary Product Disclosure Statements (the PDSs) listed in the table in section 4 with important information about the TPD Support Option (TSO), which is a new option that is available with the Total and Permanent Disability (TPD) Insurance provided under Accelerated Protection. TSO is only available if you hold TPD Insurance under your Policy and if you wish to take up TSO, you will need to apply for it. We will confirm if we accept your application.

The TPD Support Option (TSO) Terms and Conditions have been listed in section 5 of this SPDS. Please read these carefully.

2. How to read this SPDS

You should read this SPDS together with the Accelerated Protection Product Disclosure Statement and the Accelerated Protection Policy Document, or combined Product Disclosure Statement and Policy Document applicable to your Policy. The use of the term 'PDS' refers to these documents, unless otherwise stated.

In addition, this SPDS should also be read with reference to any relevant Supplementary Product Disclosure Statement (SPDS), Upgrade Booklet(s) applicable to your Policy and your Policy Schedule.

There are a number of defined terms in this document which have a specific meaning. Where a defined term is used, the first letter of each word is capitalised (e.g. 'Policy Owner'). The only exceptions are 'you', 'your', 'we', 'us', 'our' and 'structured through superannuation' which are not capitalised. In this SPDS, 'you' and 'your' means the Policy Owner and/or the Life Insured as applicable or as the context requires, unless indicated otherwise.

Defined terms specific to TSO can be found under the *TSO - General Definitions* section of the TPD Support Option (TSO) Terms and Conditions contained within this SPDS. For defined terms which are not listed in the *TSO - General Definitions* section, please refer to the Accelerated Protection PDS applicable to your Policy for their specified meaning.

Separately, please note that there are instances of capitalisation in this SPDS which may not appear capitalised in your original PDS. For example, TPD Insurance may appear as TPD insurance in your original PDS.

The information in this SPDS is of a general nature and it does not take into account your individual objectives, financial situation or needs. You should consider your PDS and this SPDS before acting on this information or making any changes to your insurance cover. You may also wish to consider obtaining your own financial advice tailored to your personal circumstances, before making a decision to change your Policy.

3. TSO Availability

TSO is an option that will become available to Accelerated Protection policies to apply for from different dates, depending on the PDS issue date of your Policy:

Your Accelerated Protection PDS issue date	When TSO will be available to apply for
5 August 2022 or earlier	From 1 August 2026
8 September 2023 or 12 December 2024	From 1 December 2026

TSO is offered at TAL's discretion. The availability of TSO to be added to Plans (where it has not already been selected) is not guaranteed in future; and TAL may amend the terms of TSO or withdraw it from being offered. Should TAL do so, the amendment or withdrawal of the offer of TSO would not impact Plans where TSO has already been selected. The right of TAL to amend the terms of TSO or withdraw it from being offered prevails, notwithstanding any other term within the TSO Terms and Conditions.

5. TPD Support Option (TSO) Terms and Conditions

5.1. How to read these Terms and Conditions

These TSO Terms and Conditions should be read together with the following document(s), as they apply to your existing Policy:

- your original 'PDS', which is taken to mean either:
 - the Accelerated Protection Product Disclosure Statement and the Accelerated Protection Policy Document, or
 - the Combined Accelerated Protection Product Disclosure Statement and Policy Document,
 whichever is relevant to your Policy;
- any relevant Supplementary Product Disclosure Statement(s) (SPDS); and
- any relevant Upgrade Booklet(s).

In addition, the TSO Terms and Conditions should also be read with reference to your Policy Schedule.

The use of the term 'PDS' within the TSO Terms and Conditions has a meaning consistent with the documents referred to above, unless otherwise stated.

PDSs, SPDs and Upgrade Booklets are available at tal.com.au or by contacting our Customer Service Centre.

The information in these Terms and Conditions is of a general nature and it does not take into account your individual objectives, financial situation or needs. You should consider your PDS and these Terms and Conditions before acting on this information or making any changes to your insurance cover. You may also wish to consider obtaining your own financial advice tailored to your personal circumstances, before making a decision to change your Policy.

It is important to understand how TSO changes the rights and benefits that you may have under your existing TPD Insurance Plan when deciding if it's appropriate for you.

5.2 Terms and headings used in this document

There are a number of defined terms in this document which have a specific meaning. Where a defined term is used, the first letter of each word is capitalised (e.g. 'Policy Owner'). The only exceptions are 'you', 'your', 'we', 'us', 'our' and 'structured through superannuation' which are not capitalised.

Defined terms specific to TSO can be found under the *TSO - General Definitions* section at the end of this document. Please refer to these in the first instance.

For defined terms which are not listed in the *TSO - General Definitions* section, please refer to the Accelerated Protection PDS applicable to your Policy for their specified meaning.

Separately, please note that there are instances of capitalisation in these Terms and Conditions which may not appear capitalised in your original PDS. For example, TPD Insurance may appear as TPD insurance in your original PDS.

Headings have been included to assist understanding, but they do not alter how clauses are to be interpreted, unless stated otherwise. Where the context provides for it, words indicating the singular can be taken to mean the plural and vice versa.

5.3 Eligibility to apply for TSO

You may apply to select TSO with an existing TPD Insurance Plan where:

- the current TPD definition is Any Occupation or Own Occupation;
- the Life Insured is aged 61 or younger at time of application for TSO;
- you are not entitled to or currently claiming a TPD benefit payment;

- your Plan is not subject to an exclusion for mental health related conditions or disorders; and
- your Plan does not include the Double TPD Option.

Where the existing TPD Insurance Plan is structured as Superlink and you wish to apply for TSO, it must be applied to both Policies under this structure.

Please note that if you apply and are accepted for TSO but then seek to remove it at a later date, the removal of TSO will be subject to our acceptance and underwriting. In these circumstances, you may not be able to regain the exact TPD Insurance cover you held prior to selecting TSO.

You cannot take up TSO if you do not hold TPD Insurance. Therefore, if you do not hold TPD Insurance, TSO will only become available as an option if you apply for TPD Insurance in the future and your application is accepted.

TSO is offered at TAL's discretion. The availability of TSO to be added to Plans (where it has not already been selected) is not guaranteed in future; and TAL may amend the terms of TSO or withdraw it from being offered. Should TAL do so, the amendment or withdrawal of the offer of TSO would not impact Plans where TSO has already been selected. The right of TAL to amend the terms of TSO or withdraw it from being offered prevails, notwithstanding any other term within the TSO Terms and Conditions.

5.4. When will the TSO Terms and Conditions be used to determine eligibility for a benefit payment?

If you have selected TSO with your TPD Insurance Plan and you suffer a disability which is contributed to or caused by a TPD Support Condition, **no payment will be made under the TPD Benefit** under the terms of the existing TPD Insurance Plan.

Instead, your eligibility for a benefit will be assessed under these TSO Terms and Conditions (including the specific definition for Total and Permanent Disability within *TSO - General Definitions*), which may provide one or more partial payments of the TPD Insurance Benefit Amount.

If you are ineligible for an Initial Support Benefit under TSO, and

- you have been solely performing Normal Domestic Duties in the 12 consecutive months immediately before the Sickness or Injury that gives rise to the claimable event, and
- you hold a policy under an Accelerated Protection PDS with an issue date of 27 March 2020 or earlier,

your eligibility for a benefit will be assessed under your original TPD Insurance Plan terms.

If your disability is not contributed to or caused by a TPD Support Condition you may still be eligible for a TPD Benefit under your original TPD Insurance Plan terms.

5.5 How and when are benefits payable under TSO?

TSO provides one or more partial payments of the TPD Insurance Benefit Amount (assessed at 12-month intervals) rather than a single lump sum, when Total and Permanent Disability is contributed to or caused by a TPD Support Condition.

If TSO applies to your TPD Insurance Plan, and where the disability is contributed to or caused by a TPD Support Condition:

- we will pay an Initial Support Benefit if the Life Insured is Totally and Permanently Disabled under the TPD Support Option (*Part A*). The benefit payable is 20% of the TPD Insurance Benefit Amount at the Initial Date of Disablement; and
- we will pay an Ongoing Support Benefit if, at each Ongoing Date of Disablement, the Life Insured is Totally and Permanently Disabled under the TPD Support Option (*Part B*). The benefit payable is the lesser of:
 - 20% of the TPD Insurance Benefit Amount at the Initial Date of Disablement; and
 - the TPD Insurance Benefit Amount as at the date the relevant Ongoing Support Benefit becomes payable.

This means that if the Life Insured is Totally and Permanently Disabled under the TPD Support Option (*Part A*) at the Initial Date of Disablement, and is Totally and Permanently Disabled under TPD Support Option (*Part B*) at each consecutive Ongoing Date of Disablement, the TPD Insurance Benefit Amount will be paid as 5 separate payments (each payable at 12-month intervals) over a minimum period of 4 years. You claim for each payment under TSO. When we are notified that you wish to make a claim (including subsequent claims under TSO) we will provide the forms that need to be completed and explain in detail our requirements and what the next steps are.

If you make a claim and the Life Insured is assessed for an Ongoing Support Benefit, when assessing whether the Life Insured is Totally and Permanently Disabled under TPD Support Option (*Part B*) as at the Ongoing Date of Disablement we will take into account any new training, re-training, education, work or experience the Life Insured has undertaken, including since the Initial Date of Disablement.

Where applicable, any benefit payment under TSO will be made in accordance with private health insurance law requirements.

5.6 Reduction of benefit amounts following claim payment under TSO

The TPD Insurance Benefit Amount, and the Benefit Amount under any Attached or Linked Plan, will be reduced by each amount paid under the TPD Support Option.

The TPD Insurance Benefit Amount will be reduced by any other amounts paid under the TPD Insurance Plan. Benefit Amounts paid under any Attached or Linked Plan will also reduce the TPD Insurance Benefit Amount.

5.7 What happens if you are not eligible for an Ongoing Support Benefit?

If the Life Insured is not Totally and Permanently Disabled at any Ongoing Date of Disablement, your remaining TPD Insurance Benefit Amount will continue (subject to the terms and conditions of the Policy and the TSO Terms and Conditions, including payment of premiums when due).

For any subsequent claims assessed under the TPD Support Option, we will once again assess your eligibility for an Initial Support Benefit as at the new Initial Date of Disablement. This means:

- we will pay an Initial Support Benefit if the Life Insured is Totally and Permanently Disabled under the TPD Support Option (*Part A*). The benefit payable is 20%* of the TPD Insurance Benefit Amount as at the new Initial Date of Disablement; and
- we will pay an Ongoing Support Benefit if, at each Ongoing Date of Disablement related to the new Initial Date of Disablement, the Life Insured is Totally and Permanently Disabled under the TPD Support Option (*Part B*). The benefit payable is the lesser of:
 - 20%* of the TPD Insurance Benefit Amount at the new Initial Date of Disablement; and
 - the TPD Insurance Benefit Amount as at the date the relevant Ongoing Support Benefit becomes payable.

*If the TPD Insurance Benefit Amount is \$100,000 or less at the new Initial Date of Disablement or the relevant Ongoing Date of Disablement, and you have previously received 4 or more payments under the TPD Support Option, we will pay 100% of the remaining TPD Insurance Benefit Amount as a single lump sum (rather than partial payments) and the TPD Insurance will end.

5.8 Premium Waiver on remaining TPD Insurance Benefit Amount

For each payment made under the TPD Support Option, the premiums for any remaining TPD Insurance Benefit Amount will be waived for the 12 months following the Initial Date of Disablement or the relevant Ongoing Date of Disablement relating to the payment.

5.9 When will we pay your TPD Insurance Benefit Amount as a single lump sum rather than as partial payments under TSO?

If the Life Insured is eligible for a payment under the TPD Support Option and is:

- age 62 or older at the Initial Date of Disablement or at any Ongoing Date of Disablement relating to the payment; or
- Totally and Permanently Disabled under the 'ADL' (Activities of Daily Living) definition relevant to your Policy, at the Initial Date of Disablement or at any Ongoing Date of Disablement, where the disability is contributed to or caused by a TPD Support Condition,

we will pay any remaining TPD Insurance Benefit Amount as a single lump sum (rather than partial payments) and your TPD Insurance will end.

5.10 Impacts to the “Included Benefits” and “Optional Benefits” listed in the table below:

Where relevant to your Policy, the following benefits and options are affected when TSO applies:

Included Benefits (where applicable under your original PDS)	How the TPD Support Option applies
TPD Benefit	If the TPD Support Option is shown in your Policy Schedule, no payment will be made under the TPD Benefit for a disability that is contributed to or caused by a TPD Support Condition. Your eligibility for a benefit will instead be assessed under these TSO Terms and Conditions
Accommodation Benefit / Long Distance Accommodation Benefit	As this benefit is only payable if the single lump sum TPD Benefit is paid, it does not apply if payments are made solely under the TPD Support Option.
Cover Continuation Benefit	You cannot exercise the Cover Continuation Benefit in relation to TPD Insurance, if cover under your TPD Insurance Plan has reduced at any time due to you receiving any benefit under the TPD Support Option.
Guaranteed Future Insurability Benefit	You cannot exercise the Guaranteed Future Insurability Benefit in relation to any Plan (Life Insurance, TPD Insurance or Critical Illness Insurance) if cover under your TPD Insurance Plan has reduced due to you receiving any benefit under the TPD Support Option.
Inflation Protection Benefit	Once an Initial Support Benefit has been paid, the TPD Insurance Benefit Amount will be permanently ineligible for increases under the Inflation Protection Benefit, effective from the Initial Date of Disablement. Any increases under the Inflation Protection Benefit that have taken effect since the Initial Date of Disablement will be removed. If your TPD Insurance Plan is held under a Superlink structure, this will apply to both Policies.
Premium Freeze Benefit	Once an Initial Support Benefit is paid under the TPD Support Option you cannot activate (or request to activate) the Premium Freeze Benefit while you are entitled to receive a TPD Support Option benefit or whilst your premiums are being waived in accordance with section 5.8 of the TSO Terms and Conditions. If the Premium Freeze Benefit is activated on your TPD Insurance Plan (including any Linked or Attached Plans) and you are eligible for a payment under the TPD Support Option, the Premium Freeze Benefit will be removed. Where your TPD Insurance Plan is held under a Superlink structure, this applies to both Policies. The Premium Freeze Benefit is taken to have ceased to apply from the Initial Date of Disablement. As a result, any reduction to Benefit Amounts that would otherwise have applied under the Premium Freeze Benefit on or after the Initial Date of Disablement will not apply (and will be reversed if already applied).
Superlink TPD	Claims under the Superlink TPD structure will first be assessed under the TPD Insurance Plan structured through superannuation and the SIS definition of Permanent Incapacity. If the relevant Policy terms are satisfied, any amount payable will be paid to the trustee. If the relevant Policy terms are not satisfied, the claim will be assessed under the TPD Insurance Plan structured outside superannuation and any amount payable will be paid to the Policy Owner.
Optional Benefits (where available under your original PDS and selected on your policy)	
Business Insurance Option	You cannot exercise the Business Insurance Option Benefit in relation to any Plan (Life Insurance, TPD Insurance or Critical Illness Insurance) if cover under your TPD Insurance Plan has reduced due to you receiving any benefit under the TPD Support Option.
Death Buy-Back Option (only available if TPD Insurance is Attached or Linked to Life Insurance)	If you have selected the Death Buy-Back Option for your TPD Insurance Plan, you can buy-back Life Insurance on the Life Insured within a specified window of time, once we have paid 100% of the TPD Insurance Benefit Amount and TPD Insurance has ended. The amount of cover you may repurchase is the total amount of the TPD Insurance Benefit Amount paid. You have a 30-day window to apply and exercise the option, commencing at either: - the 12 month anniversary date of when you formally notified us of your TPD Insurance claim; or - the date of the last claim payment which resulted in 100% of your TPD Insurance Benefit Amount being paid, whichever occurs later. The terms and conditions of the Death Buy-Back Option are contained in your original PDS, SPDS and applicable Upgrade Booklets, including the timeframe available to exercise the Death Buy-Back Option. If you fail to exercise the Death Buy-Back Option within the specified period, it will expire.
Double TPD Option (only available if TPD Insurance is Attached or Linked to Life Insurance)	Once you have selected the TPD Support Option, you cannot apply for the Double TPD Option in relation to your TPD Insurance Plan.

5.11 When does the TPD Support Option end?

The TPD Support Option ends on the earlier of the Policy anniversary before the Life Insured's 65th birthday and the date that the associated TPD Insurance Plan ends.

Your TPD Insurance Plan may continue beyond the Policy anniversary before the Life Insured's 65th birthday, if your original TPD Insurance terms allow this. Please refer to your original TPD Insurance Plan terms for details of changes to your TPD Insurance Plan that may occur at this time.

The TPD Support Option will end if you apply to remove it and we agree. The removal of TSO will be subject to our acceptance and underwriting.

5.12 Interim Cover (only if applicable)

If Interim Cover applies to your application for TPD Insurance that includes TSO and the Life Insured's disability is contributed to or caused by a TPD Support Condition, then you will be required to:

- meet the eligibility requirements for an Interim Cover benefit as stipulated in the relevant PDS under which you are applying; and
- meet the eligibility requirements for receiving an Initial Support Benefit under the TPD Support Option (TSO) Terms and Conditions,

in order to receive any payment under Interim Cover.

The TPD Support Option (TSO) Terms and Conditions will apply to the payment of the Interim Cover benefit. The maximum amount payable under each partial payment for Interim Cover for the TPD Support Option is \$100,000 and the total maximum amount payable under Interim Cover when the TPD Support Option applies is \$500,000.

5.13 TSO – General Definitions

Initial Date of Disablement (applicable to the TPD Support Option) means the date the Life Insured meets the requirement, set out under the TPD Support Option definition of Total and Permanent Disability (*Part A*), to have not been working in any occupation for three consecutive months. For any subsequent entitlement, the new Initial Date of Disablement may be no earlier than 12 months after the most recent benefit entitlement under the TPD Support Option.

Ongoing Date of Disablement (applicable to the TPD Support Option) means the later of:

- a) the date 12 months after the most recent Initial Date of Disablement at which the Life Insured was Totally and Permanently Disabled under the TPD Support Option (*Part A*); and
- b) the date 12 months after the most recent Ongoing Date of Disablement at which the Life Insured was Totally and Permanently Disabled under the TPD Support Option (*Part B*).

SIS means the *Superannuation Industry (Supervision) Act 1993 (Cth)* or the *Superannuation Industry (Supervision) Regulation 1994 (Cth)*, as applicable.

Total and Permanent Disability and Totally and Permanently Disabled

when the TPD Support Option applies to your Plan and where the disability is contributed to or caused by a TPD Support Condition, means:

Part A – For the Initial Support Benefit

Solely because of Sickness or Injury:

- the Life Insured has not been working in any occupation for three consecutive months (the date at the end of this period is the Initial Date of Disablement); and
- in our opinion, after consideration of medical and any other evidence and after all reasonable treatment and rehabilitation has been undertaken, the Life Insured is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to work in any occupation for which they are reasonably suited by training, education or experience which would pay remuneration at a rate greater than 25% of the Life Insured's Earnings during their last 12 months of work; and
- when cover is structured through superannuation, the Life Insured must also satisfy the SIS definition of Permanent Incapacity.

Part B – For the Ongoing Support Benefit

Solely because of Sickness or Injury:

- the Life Insured is not working in any occupation; and
- during the 12 months prior to the Ongoing Date of Disablement, the Life Insured has not worked for remuneration at a rate greater than 25% of their rate of Earnings during their last 12 months of work prior to the Initial Date of Disablement; and
- in our opinion, after consideration of medical and any other evidence and after all reasonable treatment and rehabilitation has been undertaken, the Life Insured is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to work in any occupation for which they are reasonably suited by training, education or experience which would pay remuneration at a rate greater than 25% of the Life Insured's Earnings during their last 12 months of work prior to the Initial Date of Disablement; and
- when cover is structured through superannuation, the Life Insured must also satisfy the SIS definition of Permanent Incapacity.

For the purposes of determining whether the Life Insured is reasonably suited by training, education or experience, we will take into account any new training or retraining, education or work experience the Life Insured has undertaken since the Initial Date of Disablement.

For the purpose of this definition only, the term Earnings has the meaning given below:

- if the Life Insured is Self-Employed, their share of the total of all net profits and all net losses generated or accrued in the conduct of the business or businesses, after excluding business expenses which were not necessarily incurred or normally required in the usual conduct of the business/businesses; or

- if the Life Insured is an Employee (and is not Self-Employed), salary, wages, regular bonuses and any other income considered part of the Life Insured's remuneration package (excluding any Employer Superannuation Contribution).

Income paid from other disability income policies, retirement plans, lump sum disability payments, rental income and investment income are some examples of income we would not consider as Earnings.

For the purpose of this definition only:

- Self-Employed means the Life Insured directly or indirectly owns all or part of the business in which their work is performed including where the business operates under a company structure (ignoring shares in publicly listed companies).
- Employee means the Life Insured is hired for a wage, salary, fee or payment to perform work for an employer, whereby they have no direct or indirect ownership interest in the employing entity (ignoring shares in publicly listed companies).
- Employer Superannuation Contribution means the employer superannuation guarantee contribution mandated under the *Superannuation Guarantee (Administration) Act 1992 (Cth)* and any employer contribution made as part of the Life Insured's remuneration package. It excludes any other type of superannuation contribution.

TPD Support Condition means any one or more of the following:

- Mental conditions or disorders – any mental or behavioural illness, conditions or disorders, including any symptoms, manifestations or complications thereof. This is taken to include but is not limited to anxiety; depression; bipolar disorder; post-traumatic stress disorder and other disabling stress; attention deficit and/or hyperactivity disorders; burnout; eating disorders; alcohol or drug use disorders or abuse; insomnia; physical complications of a psychiatric disorder; and any emotional, cognitive, behavioural, or somatic symptoms and manifestations of any mental or behavioural illness, conditions or disorders.
- Fatigue and functional disorders or conditions – chronic tiredness, fatigue or exhaustion; or difficulty recovering from exertion that is not explained by structural organ disease or demonstrable tissue damage. This is taken to include but is not limited to chronic fatigue syndrome; fibromyalgia; functional neurological disorder; burnout related disorders or conditions; and long COVID.
- Other specific syndromes and disorders – postural orthostatic tachycardia syndrome, post-concussion syndrome and vestibular disorders.

Alzheimer's disease and dementia are not TPD Support Conditions.

5.14 TSO Claims examples

The claim examples below are illustrative and should only be used to help you understand how TSO may work at the time of claim. How TSO applies will be dependent on your individual circumstances and the facts of your claim. All relevant terms and conditions must be met for a claim to be payable.

Example 1:

Mira has a standalone TPD Insurance Plan with an 'Own Occupation' definition. She has selected the TPD Support Option.

Mira develops depression. As depression is a TPD Support Condition, and Mira's disability is caused by this condition, no payment will be made under the TPD Benefit 'Own Occupation' definition. Instead, Mira's eligibility for a benefit will be assessed under the TPD Support Option.

Mira is Totally and Permanently Disabled under the TPD Support Option (*Part A*). She is eligible for a payment under the TPD Support Option's Initial Support Benefit.

On the Initial Date of Disablement, Mira's TPD Insurance Benefit Amount was \$500,000.

The Initial Support Benefit is 20% of the TPD Insurance Benefit Amount at the Initial Date of Disablement. Mira receives $20\% \times \$500,000 = \$100,000$. After payment of her Initial Support Benefit, Mira's TPD Insurance Benefit Amount reduces to \$400,000. The Inflation Protection Benefit no longer applies to this amount. Her premiums for the remaining TPD Insurance Benefit Amount are waived for 12 months from the Initial Date of Disablement.

Mira is Totally and Permanently Disabled under the TPD Support Option (*Part B*) on the date 12 months after the Initial Date of Disablement (which is the first Ongoing Date of Disablement) and makes a claim for an Ongoing Support Benefit. She therefore receives $20\% \times \$500,000 = \$100,000$. After payment of the first Ongoing Support Benefit, Mira's TPD Insurance Benefit Amount reduces to \$300,000. Mira's premiums for the remaining TPD Insurance Benefit Amount are waived for 12 months following the relevant Ongoing Date of Disablement relating to the payment.

Due to her depression, Mira is Totally and Permanently Disabled under the TPD Support Option (*Part B*) at each of the next 3 consecutive Ongoing Dates of Disablement (i.e. over the next 3 years) and continues to claim each Ongoing Support Benefit. Each time she receives \$100,000 and her premiums for the remaining TPD Insurance Benefit Amount are waived for the 12 months following the relevant Ongoing Date of Disablement relating to each payment. The final Ongoing Support Benefit payment reduces Mira's TPD Insurance Benefit Amount to zero and her TPD Insurance Plan ends.

Example 2:

Angela has a standalone TPD Insurance Plan with an 'Own Occupation' definition. Angela has also selected the TPD Support Option.

Angela is working as an accountant when she becomes disabled due to fibromyalgia. As fibromyalgia is a TPD Support Condition, no payment will be made under the TPD Benefit 'Own Occupation' definition. Instead, her eligibility for a benefit will be assessed under the TPD Support Option.

Angela is Totally and Permanently Disabled under the TPD Support Option (*Part A*) including because she is incapacitated to such an extent as to render her unlikely ever to be able to work in any occupation for which she is reasonably suited by training, education or experience which would pay remuneration at a rate greater than 25% of her Earnings during her last 12 months of work.

On the Initial Date of Disablement, Angela's TPD Insurance Benefit Amount was \$1 million.

The Initial Support Benefit is 20% of the TPD Insurance Benefit Amount at the Initial Date of Disablement. Angela receives $20\% \times \$1 \text{ million} = \$200,000$. After payment of the Initial Support Benefit, Angela's TPD Insurance Benefit Amount then reduces to \$800,000. The Inflation Protection Benefit no longer applies to this amount. Her premiums for the remaining TPD Insurance Benefit Amount are waived for 12 months from the Initial Date of Disablement.

During the following 3 months, Angela worked in a different occupation for remuneration at a rate that was less than 25% of her rate of Earnings during the 12 months of work prior to the Initial Date of Disablement. At the end of that 3 months Angela's condition worsened and she was not able to work.

12 months after the Initial Date of Disablement, Angela makes a claim for an Ongoing Support Benefit and meets the definition of Total and Permanent Disability under the TPD Support Option (*Part B*). Her most recent occupation was also taken into account when determining whether Angela was unlikely ever to be able to work in any occupation for which she was reasonably suited by training, education or experience.

The Ongoing Support Benefit pays Angela a further payment of $20\% \times \$1 \text{ million} = \$200,000$. After payment of the Ongoing Support Benefit, Angela's TPD Insurance Benefit Amount then reduces to \$600,000. Angela's premiums are waived for the 12 months following the relevant Ongoing Date of Disablement relating to the payment.

Due to her fibromyalgia, Angela is Totally and Permanently Disabled under the TPD Support Option (*Part B*) at each of the next 3 consecutive Ongoing Dates of Disablement (i.e. over the next 3 years) and continues to claim each Ongoing Support Benefit. Each time she receives \$200,000 and her premiums are waived for the 12 months following the relevant Ongoing Date of Disablement relating to the payment. The final Ongoing Support Benefit payment reduces Angela's TPD Insurance Benefit Amount to zero and her TPD Insurance Plan ends.

Example 3:

Will has a standalone TPD Insurance Plan with an 'Any Occupation' definition and Will also selected the TPD Support Option.

He develops a disability which is contributed to or caused by an anxiety disorder. As anxiety is a TPD Support Condition, no payment will be made under the TPD Benefit 'Any Occupation' definition. Instead, Will's eligibility for a benefit will be assessed under the TPD Support Option.

Will is Totally and Permanently Disabled under the TPD Support Option (*Part A*). He is eligible for an Initial Support Benefit under the TPD Support Option.

On the Initial Date of Disablement, Will's TPD Insurance Benefit Amount was \$2,000,000.

The Initial Support Benefit is 20% of the TPD Insurance Benefit Amount at the Initial Date of Disablement. Will receives $20\% \times \$2,000,000 = \$400,000$. After payment of the Initial Support Benefit, Will's TPD Insurance Benefit Amount reduces to \$1,600,000. The Inflation Protection Benefit no longer applies to this amount. The premiums for the remaining TPD Insurance Benefit Amount are waived for 12 months from the Initial Date of Disablement.

Six months after the Initial Date of Disablement, Will makes a successful return to a new occupation. Will does not meet the definition of Totally and Permanently Disabled under TPD Support Option (*Part B*) at the first Ongoing Date of Disablement (which is the date 12 months after the Initial Date of Disablement) and therefore is not eligible for the Ongoing Support Benefit. Will's TPD Insurance continues with a TPD Insurance Benefit Amount of \$1,600,000. The premiums payable for the remaining TPD Insurance Benefit Amount restart on the date 12 months after the Initial Date of Disablement.

After 5 years in his new occupation, Will's anxiety reoccurs, and he has a new Initial Date of Disablement.

As anxiety is a TPD Support Condition, no payment will be made under the TPD Benefit 'Any Occupation' definition. Instead, Will's eligibility for a benefit will be assessed under the TPD Support Option. Will is once again Totally and Permanently Disabled under the TPD Support Option (*Part A*) and is once again eligible for a payment under the TPD Support Option's Initial Support Benefit.

On this new Initial Date of Disablement, Will's TPD Insurance Benefit Amount was \$1,600,000. The Initial Support Benefit is 20% of the TPD Insurance Benefit Amount at the new Initial Date of Disablement. Will receives $20\% \times \$1,600,000 = \$320,000$. After payment of the Initial Support Benefit, Will's TPD Insurance Benefit Amount reduces to \$1,280,000. The premiums for the remaining TPD Insurance Benefit Amount are waived for 12 months from the new Initial Date of Disablement.

Due to anxiety, Will is Totally and Permanently Disabled under the TPD Support Option (*Part B*) at each of the next 4 consecutive Ongoing Dates of Disablement (i.e. over the next 4 years) and continues to claim each Ongoing Support Benefit. Each time he receives \$320,000 and his premiums for the remaining TPD Insurance Benefit Amount are waived for the 12 months following the relevant Ongoing Date of Disablement relating to the payment. The final Ongoing Support Benefit payment reduces Will's TPD Insurance Benefit Amount to zero and his TPD Insurance Plan ends.

The table in the [Appendix](#) sets out the page numbers in the PDSs where the “Duty of Disclosure”, “Complaints Process” or “How to make a complaint” (as applicable) and “Approved Eligible Rollover Fund” sections can be found. In each of the PDSs, these sections (including the heading) are deleted and replaced in full with the sections set out below.

The duty of disclosure and the duty to take reasonable care not to make a misrepresentation

Duty of disclosure

The duty of disclosure applies when entering into, extending, varying, or reinstating a life insurance contract prior to 24 September 2021. For life insurance contracts that are consumer insurance contracts entered into, extended, varied, or reinstated on or after 24 September 2021, the duty to take reasonable care not to make a misrepresentation applies.

The duty of disclosure

Before you enter into a life insurance contract, you have a duty to tell us anything that you know, or could reasonably be expected to know, that may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you.

You have the same duty before you extend, vary or reinstate the contract.

You do not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If the insurance is for the life of another person and that person does not tell us everything he or she should have, this may be treated as a failure by you to tell us something that you must tell us.

If you did not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate contracts of life insurance. If they do, we may apply the following rights separately to each type of cover.

If you do not tell us anything you are required to, and we would not have insured you on the same terms if you had told us, we may avoid the contract within 3 years of entering into it.

If we choose not to avoid the contract, we may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told us everything you should have. However, if the contract has a surrender value, or provides cover on death, we may only exercise this right within 3 years of

entering into the contract.

If we choose not to avoid the contract or reduce the amount you have been insured for, we may, at any time vary the contract in a way that places us in the same position we would have been in if you had told us everything you should have. However, this right does not apply if the contract has a surrender value or provides cover on death.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

Duty to take reasonable care

For life insurance contracts entered into, extended, varied, or reinstated prior to 24 September 2021, the duty of disclosure applies.

The duty to take reasonable care not to make a misrepresentation applies when entering into, extending, varying, or reinstating a life insurance contract that is a consumer insurance contract from 24 September 2021. If your application is accepted, the Policy will be a consumer insurance contract.

If a life insurance contract was originally entered into before 24 September 2021, and is varied by agreement between you and us (other than automatic variations or variations which reduce a sum insured or remove or reduce cover, benefits or features) on and after that date, then the contract is treated as though it were entered into on or after 24 September 2021 and is treated as a consumer insurance contract, to the extent of the variation. This means that the duty to take reasonable care not to make a misrepresentation applies to variations (other than automatic variations or variations which reduce a sum insured or remove or reduce cover, benefits or features) made from 24 September 2021, while the duty of disclosure continues to apply to the parts of the Policy entered into before 24 September 2021.

The duty to take reasonable care not to make a misrepresentation

When applying for insurance, there is a legal duty to take reasonable care not to make a misrepresentation to the insurer.

A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth.

This duty also applies when extending or making changes to existing insurance, and reinstating insurance.

If the duty is not met

If the duty is not met, this can have serious impacts on your insurance. Your cover could be avoided (treated as if it never existed), or its terms may be changed. This may also result in a claim being declined or a benefit being reduced.

Please note that there may be circumstances where we later investigate whether the information given to us was true. For example, we may do this when a claim is made.

What can we do if the duty is not met?

If you or the Life Insured do not take reasonable care not to make a misrepresentation, there are different remedies that may be available to us. These are set out in the *Insurance Contracts Act 1984 (Cth)*. These are intended to put us in the position we would have been in if the duty had been met.

For example we may:

- avoid the cover (treat it as if it never existed);
- vary the amount of the cover; or
- vary the terms of the cover.

Whether we can exercise one of these remedies depends on a number of factors, including:

- whether you or the Life Insured took reasonable care not to make a misrepresentation. This depends on all of the relevant circumstances.
- what we would have done if the duty had been met – for example, whether we would have offered cover, and if so, on what terms
- whether the misrepresentation was fraudulent; and
- in some cases, how long it has been since the cover started.

Before we exercise any of these remedies, we will explain our reasons, how to respond and provide further information, and what you can do if you disagree.

When applying for replacement cover

TAL will rely on the representations and disclosures made in respect of your original Policy for this replacement cover. TAL will only issue replacement cover as a new Policy if you complied with the applicable duty at the time the original Policy was issued and TAL would have issued the original Policy or Plan on the terms that it did. You must ensure that the representations and disclosures that were made in respect of your original Policy (including any variations, extension or reinstatement of that policy) were accurate at the time the original Policy was issued, varied, extended or reinstated.

Transfer of benefits to the ATO in certain circumstances

The Trustee will transfer your benefits to ATO (after providing you prior written notice of its intention to do so) if you do not inform the Trustee of an alternative superannuation arrangement within the time frame set out in the notice.

If we pay your benefit to the ATO, you cease to be a member of TAL Super. On transfer to the ATO, your insurance protection in TAL Super ceases. You can transfer or withdraw your benefit from the ATO as the governing legislation permits.

DISCLOSURE
STATEMENT

TAL

Important Note

This Product Disclosure Statement (PDS) gives you important information about an insurance product known as Accelerated Protection. You should consider the PDS in deciding whether to acquire or continue to hold the product.

The formal terms and conditions of the insurance are set out in the Policy Document and the Policy Schedule which will be sent to you by TAL. The Policy Document is also available from your financial adviser or from our Customer Service Centre on 1300 209 088.

Accelerated Protection may be structured outside of superannuation, or through superannuation. Different terms and conditions apply in each case, as outlined in this PDS.

The information in this PDS is current as at the date of issue of this PDS. From time to time we may change or update information that is not materially adverse by providing a notice of any such changes at www.tal.com.au and www.tal.com.au/talsuper. If you'd like a free printed copy of the updated information, please contact our Customer Service Centre on 1300 209 088.

The information contained in this PDS is of a general nature and does not take into account your individual objectives, financial situation or needs. You should consider how appropriate the insurance is in regards to your objectives, financial situation and needs, and seek advice from your financial adviser before making a decision about your insurance.

Applications for Accelerated Protection and, where required, to join TAL Super may be made by using the online Accelerated Protection Application Form or the paper Accelerated Protection Application Form that is available from your financial adviser. Additional information we require for assessment can be collected from you or your adviser via paper or electronic forms or by providing information by telephone.

TAL is responsible for the contract of insurance between TAL and the Policy Owner. The contract consists of the Policy Document and the latest Policy Schedule, which are issued by TAL to the Policy Owner.

Where Accelerated Protection is structured through a superannuation fund (either TAL Super or a self-managed superannuation fund), the trustee of the fund will be noted in the Policy Schedule as the Policy Owner and will hold the Policy on behalf of the Life Insured member. Your interest in TAL Super is governed by the trust deed as well as the terms and conditions of the Policy Document. Any benefits payable under the Policy Document will be paid by TAL to the trustee of the fund. The trustee is responsible for paying the benefits out of the fund. Restrictions may apply to these benefit payments under the governing rules of the fund and superannuation law.

TAL is responsible for the Policy Document and the payments to be made under the Policy Document but is not responsible for TAL Super.

Mercer Superannuation (Australia) Limited (MSAL) is responsible for TAL Super but is not responsible for the Policy Document or the payments to be made under the Policy Document.

Defined Terms

You will see that there are a number of terms in this PDS that have been capitalised. These terms have a particular definition when used in the PDS or Policy Document. We have included some of the definitions below and in Section 8 of this PDS. All of the defined terms are explained fully in the Policy Document.

Terms used in this document:

Benefit Amount has the same meaning as in the Policy Document.

Cover that is structured through superannuation means Accelerated Protection insurance cover that is owned by the trustee of a fund (which may be a self-managed superannuation fund or TAL Super) for one or more members of the fund.

Fund means your superannuation fund, if you choose to have your Accelerated Protection structured through superannuation. You can choose either TAL Super or your self-managed superannuation fund.

Life Insured means the person(s) whose life is insured under the Policy.

MSAL means Mercer Superannuation (Australia) Limited (ABN 79 004 717 533) (AFSL 235906) as the trustee of TAL Super.

NS means not available through superannuation.

Plan means insurance benefits and options under (as applicable) Life insurance, Critical Illness insurance, Child's Critical Illness insurance, TPD (Total and Permanent Disability) insurance and Income Protection insurance which, according to the Policy Schedule, apply to you and are in force under the Policy.

Policy means the Accelerated Protection Policy consisting of the terms and conditions set out in the Policy Document and any special conditions in the Policy Schedule.

Policy Owner means the person or company who legally owns the Policy. Where Accelerated Protection is structured through a superannuation fund, the trustee of that superannuation fund will be the Policy Owner as it holds the Policy on behalf of the members.

SIS means the *Superannuation Industry (Supervision) Act 1993* or the *Superannuation Industry (Supervision) Regulations 1994* (as applicable). We have reproduced certain definitions from the SIS Regulations as at the date of this PDS in Section 8.2 of this PDS and in the Policy Document.

TAL Services means TAL Services Limited (ACN 076 105 130), a related body corporate of TAL that provides administration and other services in relation to TAL Super.

TAL Super is a plan within the Retail Division in the Mercer Super Trust (ABN 19 905 422 981) sponsored by TAL Services.

You and your mean the Policy Owner and/or the Life Insured as applicable unless otherwise indicated.

We, us, our and TAL mean TAL Life Limited (ABN 70 050 109 450) (AFSL 237848).

If there is any inconsistency between this PDS and the Policy Document, the full terms and conditions contained in the Policy Document will prevail to the extent of the inconsistency. It's important to read the Policy Document (including its definitions) as well as the PDS carefully because they are both relevant to your decision to apply for cover, our assessment of your application, your eligibility for insurance cover, your ability to make a claim and the decision in relation to any claim you may make. You should seek advice from your financial adviser if you are unsure of any part of the Policy Document or its definitions or what they mean for your insurance cover.

Other important information

You should be aware that some limitations and exclusions will apply under the Policy. This means that in some cases we will not pay a claim or will pay a claim only in limited circumstances. Please see Section 3 for a summary of the limitations and exclusions.

We encourage you to read through the Policy Document and Policy Schedule carefully and make yourself aware of these conditions. Full details of the limitations and exclusions can be found in the relevant insurance terms and conditions set out in Part 8 of the Policy Document and the specific matters (if any) set out in your Policy Schedule. There are other risks you should consider when deciding to purchase the insurance cover provided under this Policy, including:

1. that the insurance cover you have chosen might be inadequate to protect you and your family in certain circumstances;
2. that claims may not be paid and the cover under this Policy may be cancelled or an insured benefit may be reduced where you have failed to comply with the Duty of Disclosure set out on page 30 and in the Application Form, or you have made a fraudulent claim;
3. that the insurance cover under the Policy may be cancelled if you have failed to pay your premium by the due date, in the circumstances described on page 28; and
4. if you structure Accelerated Protection through superannuation, the cost of premiums paid may gradually reduce your superannuation over time, leading to a lower balance at retirement. Accordingly, both your retirement needs and insurance protection objectives should be kept in mind when structuring your insurance through superannuation.

1 About Accelerated Protection

1.1 Introducing Accelerated Protection

Having the right kind of life insurance gives you and your family more power to make life plans, and more confidence that you can achieve them.

We've developed a range of options to suit the way you live. We call it Accelerated Protection and you can mix and match its options to fit in with your own life plans – for now, and for the future.

Paying claims is why we're here

First things first. If you commit to life insurance, you want to know the commitment is returned. The ultimate

test of that commitment is if you need to make a claim. Our commitment to you is first and foremost, we're here when you need us: fast, responsive and compassionate. In fact, on average every working day, we pay \$5.3 million in claims.

This is what you need to know

This PDS tells you about the various Accelerated Protection insurance options you can choose from. Your financial adviser will help you decide which option will suit you. You should read the information about the Policy in this PDS carefully before you make a decision about purchasing this insurance cover. To find out about all the terms and conditions, ask your financial adviser for a copy of the Policy Document. You can also call our Customer Service Centre on 1300 209 088.

What to expect when you sign up with us

If you make an application and we accept it, you'll receive a Policy Schedule outlining your specific cover details, and a Policy Document containing the formal terms and conditions of your chosen insurance option. Together, the Policy Schedule and Policy Document form your insurance contract with us.

THE LIFE INSURANCE CODE OF PRACTICE

The Life Insurance Code of Practice is the life insurance industry's commitment to mandatory customer service standards. Information on the Life Insurance Code of Practice can be found at www.tal.com.au or www.fsc.org.au

You can change your mind

If you change your mind about purchasing insurance with us within 30 days of the date we issue your Policy, you can cancel the Policy and receive a full refund of the premium you've paid. This only applies if you haven't made a claim. To receive your refund, simply provide a written request to cancel the Policy within the 30 days. And you don't have to tell us why you've changed your mind.

If your Accelerated Protection is structured through your superannuation, different rules may apply. You can still change your mind and cancel the Policy within 30 days of it being issued. However your premium refund may be subject to superannuation preservation rules. So instead of a cash payment, your refund may be returned to the trustee of the superannuation fund from which the premium originally came.

Interim Cover

1.3 About this PDS

You can choose to have Accelerated Protection structured through superannuation or outside of superannuation. Different terms and conditions apply depending on your choice, as outlined in this PDS.

Where your Accelerated Protection cover is structured through superannuation, TAL will issue the Policy to the trustee of the superannuation fund. You can choose to have the cover structured through TAL Super or your self-managed superannuation fund.

This PDS covers two products:

- the Accelerated Protection insurance cover provided by TAL under the Policy; and
- TAL Super, where that cover is structured through TAL Super.

TAL and MSAL are both responsible for this PDS.

TAL is responsible for the Policy Document and the Policy Schedule that set out the terms and conditions of Accelerated Protection insurance cover and the payments to be made under those documents. TAL is not the issuer of TAL Super.

MSAL is responsible for TAL Super as the trustee of that plan within the Mercer Super Trust. MSAL is not responsible for the Policy Document and the Policy Schedule that set out the terms and conditions of Accelerated Protection insurance cover or the payments to be made under those documents. TAL Services is the administrator of TAL Super and TAL provides account administration services for TAL Super.

Where your Accelerated Protection is structured through your self-managed superannuation fund, the trustee of that fund will be the owner of the cover. The payments of any insured benefits under the Policy Document and the Policy Schedule will be paid by TAL to that trustee.

Where your Accelerated Protection is structured through superannuation (whether through TAL Super or your self-managed superannuation fund), restrictions may apply to the payment of any insured benefits out of the fund under the governing rules of the fund and superannuation law.

Insurer:

TAL Life Limited (TAL)
ABN 70 050 109 450
AFSL 237 848

TAL Super Trustee:

AFSL 235 906

MSAL acts as trustee for the TAL Super plan within the Retail Division in the Mercer Super Trust (ABN 19 905 422 981) sponsored by TAL Services.

TAL Services Limited (ACN 076 105 130), a related body corporate of TAL, provides administration services, insurance services and indemnities to the Trustee in relation to TAL Super under a separate Master Deed.

1.5 Structuring Insurance through Superannuation

If you structure your Accelerated Protection through superannuation (either TAL Super or your self-managed super fund):

- you will need to be a member, or become a member of the Fund;
- the trustee of the Fund owns the Policy on your behalf;
- premiums and benefit payments are therefore made through the Fund and are subject to restrictions under the governing rules of the Fund and in accordance with superannuation law; and
- some features of the Policy will not apply, please refer to Section 2 for more detail.

The following diagram and table describes the benefits and features available when you structure Accelerated Protection through superannuation. Terms, conditions and limitations apply to these benefits. See Sections 2 and 3 for further detail.

If you make a claim under a Linked Policy, the Benefit Amount on any other benefits you may be entitled to will be reduced, as will the overall costs of your premium.

If you make a claim under a Superlink Plan, we will first assess the claim against the Plan structured through superannuation to see if the benefits are consistent with a superannuation condition of release. If no benefit is payable, or the amount is restricted, we will then assess against the Superlinked policy held outside of superannuation.

If you make a claim under an Attached Plan, the Benefit Amount on any other benefits you may be entitled to will be reduced, as will the overall costs of your premium.

Throughout this PDS, included Benefits, optional Benefits and Plans which are not available when your Policy is structured through superannuation are marked NS (non-superannuation).

Superlinking

Superlinking applies to TPD insurance and Income Protection insurance, and allows you to take out a second Policy for those additional benefits that are not available under superannuation law. Collectively we call this a Superlink Plan.

If you claim on a Superlink Plan, we will first assess the claim against the Policy held through superannuation to see if the benefits are payable in accordance with superannuation law. If the benefits cannot be paid under, or the benefit amount is restricted by superannuation law, then we will assess the claim against the Policy that is held outside of superannuation.

This means you can access the more extensive suite of Accelerated Protection features, whilst enjoying the benefits of structuring your insurances through superannuation.

Linking

Linking works in a similar way to Superlinking, except that it can also apply to Plans that are not structured within superannuation, such as TPD insurance and Critical Illness insurance.

This allows you to obtain a lower overall premium and access to alternative policy ownership structures as may be recommended by your financial adviser.

When you claim under a Linked Policy, the benefit payment amount paid under one Policy will proportionally reduce the Benefit Amount payable on the other Policy.

Please refer to Sections 2 and 3 for further information.

2.4.1 Included Benefits

The following benefits are standard on our TPD insurance.

Benefit	Description
TPD Benefit	The Benefit Amount is paid if you become Totally and Permanently Disabled. Your definition of TPD depends on which of the following definitions applies under your insurance: • Any Occupation; • Own Occupation (NS); or • Activities of Daily Living (ADL). If your TPD insurance is Attached or Linked to Life insurance and your definition is Any Occupation or Own Occupation, at the Policy anniversary before your 65th birthday your definition is replaced with cover for Loss of Independent Existence (permanent), Loss of use of Limbs (permanent) and Blindness (permanent). Where Superlink is indicated in your Policy Schedule the 'Own Occupation' definition of TPD insurance applies, however claims are first assessed using the 'Any Occupation' definition and the SIS definition of Permanent Incapacity. For more information on these definitions see Section 8.
Advanced Payment Benefit (NS)	Unless structured through superannuation, we also make advanced payments of this benefit if you suffer Loss of use of a Single Limb (permanent), or Loss of Sight in One Eye (permanent). Payment is the lesser of 25% of the Benefit Amount or \$500,000. This payment is made once and reduces the TPD benefit by the amount paid. Only available if the condition or circumstances leading to the claim occur after the Plan start date.
Inflation Protection Benefit	An annual automatic increase to your cover in line with Consumer Price Index or not less than 5%. Increased cover affects your premium, so you have the option to remove this benefit which will reduce the size of your premium increases.
Cover Continuation Benefit	If you have an 'Any Occupation' or 'Own Occupation' definition, and you are still working in an occupation class AAA, AA or AA+, you can apply to continue cover under the 'Any Occupation' definition until age 70. This benefit is only available when TPD insurance is Attached or Linked to Life insurance or Critical Illness insurance.
Premium Freeze Benefit	Your premiums stay the same by reducing your cover each year. This is available from your 30th birthday on stepped premium Policies only.
Guaranteed Future Insurability Benefit	Increase your cover without providing additional health information after significant life events such as marriage, having a baby, taking out a mortgage or increasing your stake in a business in which you are a key person. Applications must be made within the specified timeframe and before you turn 55. Benefit increases can only be exercised once in any 12-month period and limits apply, for example the lesser of 25% of your underwritten benefit at the Plan start date or \$200,000 (Inflation Protection Benefit is excluded). Not available if an exclusion or an increase in premiums due to your medical history or pastimes has been applied at the Plan start date.

NS means not available through superannuation.

¹ Only available when structured through TAL Super. Not available when TPD is Attached or Linked to Life Insurance or Critical Illness insurance.

Included Benefits apply if TPD insurance is shown on your Policy Schedule. For circumstances where a benefit will not be paid, please see Limitations and Exclusions, Section 3.4. Your Policy Document will contain the formal terms and conditions.

2.4.2 Optional Benefits

The following options are available on TPD insurance.

Benefit	Description
Death Buy-Back Option	You can repurchase your Life insurance after the payment of 100% of TPD insurance. This option is only available if TPD insurance is Attached or Linked to Life insurance. Buy-back requests must be made within the specified timeframe and before you turn 65. The repurchased cover will be issued subject to the limitations and conditions applicable to the original Policy. The Death Buy-Back Option is not available where the Double Critical Illness Option or the Double TPD Option has been selected.
Double TPD Option	This option is available when TPD insurance is Attached or Linked to Life insurance and means that payment of the TPD Benefit will not reduce your Life insurance and future premiums will be waived. The Life insurance will not be eligible for increases under the Inflation Protection Benefit, Guaranteed Future Insurability Benefit and the Business Insurance Option (if applicable) when the TPD Benefit is paid.
Premium Relief Option	If you are unable to work for at least three consecutive months due to Sickness or Injury, we will waive your premiums. This option ends on the earlier of you returning to work, earning an income or the Policy anniversary before your 65th birthday.

To help you choose the Income Protection that suits your needs, we have included a table of benefits comparing Income Protection Super, Standard and Premier.

Super	Standard	Premier	Benefit	Description
✓	✓	✓	Total Disability Benefit	A monthly payment that covers up to 75% of your normal ongoing Earnings if Totally Disabled at the end of your chosen Waiting Period. The Benefit Amount is paid monthly in arrears. For Premier, if you are unable to work for more than ten hours per week, your Earnings will not be taken into account. Please see definitions in Section 8.
✓	✓	✓	Partial Disability Benefit	A monthly payment when you are only able to work in a reduced capacity due to Sickness or Injury. The Benefit Amount takes your Pre-Disability Earnings and any Earnings into account during the Partial Disability period.
✓	✓	✓	Inflation Protection Benefit	An annual automatic increase to your cover in line with Consumer Price Index or not less than 3%. Increased cover affects your premium, so you have the option to remove this benefit, which will reduce the size of your premium increases.
✓	✓	✓	Death Benefit	A lump sum payment of six times the Benefit Amount to a maximum of \$50,000 if you die.
✓	✓	✓	Concurrent Disability Benefit	If Total Disability or Partial Disability results from separate Sickness or Injury, your benefit payments are calculated according to the Sickness or Injury that provides the highest payment. This ensures you are always receiving the maximum benefit you are entitled to.
✓	✓	✓	Recurrent Disability Benefit	If a disability recurs from the same or related cause within 12 months of a claim ending, we treat it as a continuation of the original claim which means no Waiting Period before payments recommence. Please note all claim periods will be added together to calculate the maximum Benefit Period for the disability.
✓	✓	✓	Waiver of Premium Benefit	We refund your Income Protection premiums while you are Totally Disabled or Partially Disabled. Where this applies, the daily proportion of premiums due under your Income Protection must continue to be paid, but will later be refunded as a credit to you. The premium for all other insurance Plans under the Policy must continue to be paid.
✓	✓	✓	Elective Surgery Benefit	You are considered Totally Disabled due to Sickness if you're disabled as a result of a transplant, surgery to improve your appearance or elective surgery on the advice of a Medical Practitioner. Not applicable when surgery occurs within six months of commencement, reinstatement or an increase in benefit. Where Income Protection Super has been selected, you must also satisfy the SIS definition of Temporary Incapacity or Permanent Incapacity.
✓	✓	✓	Bed Confinement Benefit	For each day you are Bed Confined, on the advice of a Medical Practitioner, a proportion of the Benefit Amount can be paid under certain circumstances. The confinement must continue for 72 consecutive hours or more during the Income Protection Waiting Period.
✓	✓	✓	Blood Borne Diseases Benefit	If you are a health care professional and you contract a blood borne disease such as HIV, Hepatitis B or C and you either normally perform Exposure Prone Procedures or suffer a reduction in patients due to disclosing the disease, we will assess as disabled even if you are physically able to work. Where Income Protection Super has been selected, you must also satisfy the SIS definition of Temporary Incapacity or Permanent Incapacity.
✓	✗	✗	Superannuation Pause Benefit	In the event you ceased working in a Gainful Occupation due to reasons other than Sickness or Injury, you can apply to temporarily suspend cover and premium payments for up to 12 consecutive months. Only available when cover is structured through superannuation. Does not apply when Superlink IP Standard has been selected.
✗	✓	✓	Family Support Benefit	We pay a monthly benefit of up to \$5,000 for up to three months if an Immediate Family Member stops paid work to care for you. You must be Totally Disabled and Bed Confined for 28 consecutive days to be eligible. The benefit is reduced by the amounts reimbursed from elsewhere.
✗	✓	✓	Housekeeper Benefit	We pay a monthly benefit of up to \$5,000, for up to six months, to a non-family member that you are totally reliant upon for housekeeping. You must be Totally Disabled for 28 consecutive days and Bed Confined at home to be eligible. The benefit is reduced by the amounts reimbursed from elsewhere.

You must resume paying premiums at the end of this period.

Under the Scheduled Injury Benefit, you can choose to receive your benefit payments monthly in arrears or in advance for the first six months of any payment period.

If you are eligible for a benefit payment under the Bed Confinement Benefit, Accident Benefit Option, Critical Illness Option or Scheduled Injury Benefit, only the greatest of these benefit payments will be paid.

The Total Disability Benefit and the Partial Disability Benefit are not payable during any period that the Scheduled Injury Benefit is being paid.

The Critical Illness Option and Retirement Protection Option are available on the Income Protection Standard or Premier Policy held outside of superannuation.

For circumstances where a benefit will not be paid, please see Limitations and Exclusions, Section 3.5. Your Policy Document will contain the formal terms and conditions.

3 Limitations and Exclusions

Each benefit available under Accelerated Protection is subject to terms and conditions that, amongst other things, help us to make decisions on payments in a consistent and fair manner.

These terms and conditions are contained in the Policy Document, which will be sent to you once your application for insurance is accepted. A copy is also available from your financial adviser or by calling our Customer Service Centre on 1300 209 088.

When deciding on the right protection for your needs, it's important to consider the limitations and exclusions outlined below and how they apply to certain benefits. These limitations and exclusions modify the circumstances in which we will pay a claim and the amount payable in particular circumstances. These are set out in the Policy Document.

We are also not liable to pay a claim or may reduce a benefit arising from or in any way connected with anything we have specifically excluded or adjusted in your Policy Schedule. Please be aware, if you purchase Accelerated Protection to replace an existing policy, until you cancel the other policy, no claim will be paid under Accelerated Protection. If the previous policy is not cancelled and a claim occurs, any premiums paid to us will be refunded, and no benefit will be paid.

Benefit Limitations

When a claim is made, you have an obligation to mitigate your loss. This means that you must not knowingly contribute to the severity or longevity of the disability being claimed, otherwise the claim, or a part of the claim, may not be accepted.

You must follow the reasonable advice of a Medical Practitioner. This includes following and actively participating in a recommended course of treatment and rehabilitation for any conditions on which the claim is being made.

No premiums will be waived under the Premium Relief Option (if applicable) if the event giving rise to the claim is caused directly or indirectly by:

- an intentional, self-inflicted act by you;
- normal and uncomplicated pregnancy, miscarriage or childbirth. Normal and uncomplicated pregnancy includes, but is not limited to morning sickness, backache, varicose veins, ankle swelling, bladder problems, multiple pregnancy, or participation in an IVF or similar program.

3.1 Life insurance

When will we not pay on Life insurance?

No payments will be made under Life insurance, and any included or optional benefits, if the claim arises directly or indirectly as a result of an intentional, self-inflicted act by you:

- within 13 months after the Plan start date;
- within 13 months after the date of an applied for increase but only for the increased amount; and
- within 13 months after the most recent date we agreed to reinstate either the Plan or Policy.

We will waive the above exclusion if, immediately before the commencement of cover, you had death cover which was in force for at least 13 consecutive months (without the death cover being cancelled and/or reinstated) with TAL or another insurer, and you have replaced the death cover. The waiver will only apply up to the level of cover you had with TAL or the other insurer. Should you reinstate your death cover at any time, this exclusion will restart from the date of reinstatement.

When will Life insurance be reduced?

Where the Policy Schedule indicates TPD insurance is Attached or Linked to Life insurance then payments under TPD insurance will reduce the Life insurance Benefit Amount by the amount paid.

Where the Policy Schedule indicates Critical Illness insurance is Attached or Linked to Life insurance then payments under Critical Illness insurance will reduce the Life insurance Benefit Amount by the amount paid.

3.2 Critical Illness insurance

When will we not pay on Critical Illness insurance?

if the condition occurred or was diagnosed, or the signs or symptoms leading to diagnosis became apparent to you or would have become apparent to a reasonable person in your position:

- within three months after the Plan start date;
- within three months after the date of an applied-for increase but for the increase; and
- within three months after the most recent date we agreed to reinstate either the Plan or Policy.

We will waive this three-month period if:

- you were insured with us or another insurer for the same events immediately before your cover starts; and
- you transferred your cover after any similar three month period.

The waiver will only apply up to the level of critical illness cover that you had with us or the other insurer. Should you reinstate your cover at any time, the three-month period will restart from the date of reinstatement.

Unless Attached or Linked to Life insurance, no payment will be made under Critical Illness insurance unless you survive a Critical Illness Event for at least 14 days.

When will Critical Illness insurance be reduced?

The Benefit Amount will be reduced by payments under/for:

- Advancement Benefit;
- Angioplasty;
- Intensive Care (requiring 5 continuous days of intubation);
- Paralysis Support Benefit;
- Needlestick Benefit; or
- Female Critical Illness Benefit.

Where Critical Illness insurance is Attached or Linked to Life insurance, the Critical Illness insurance will be cancelled if the Death Benefit or Terminal Illness Benefit is paid. Where TPD insurance is Attached or Linked to Critical Illness insurance, then payments under TPD insurance will reduce the Critical Illness insurance Benefit Amount by the amount paid.

Under the Child's Critical Illness insurance and Child's Critical Illness Benefit, no payments will be made for:

- Cancer (excluding early stage cancers);

- Most recent date we agreed to reinstate either the Plan or Policy.

No payment will be made under the Child's Critical Illness insurance or Child's Critical illness Benefit if the Critical Illness Event arises directly or indirectly as a result of the intentional act of a person who stands to receive a benefit from the claim payment.

3.4 TPD insurance

When will we not pay on TPD insurance?

No payment will be made under TPD insurance and any included or optional benefits, if the claim arises directly or indirectly as a result of an intentional, self-inflicted act by the Life Insured.

Unless Attached or Linked to Life insurance, no payment will be made under TPD insurance unless you survive the Sickness or Injury which resulted in Total and Permanent Disability for at least 14 days.

When will TPD insurance be reduced?

Where TPD insurance is Attached or Linked to Life insurance, the TPD insurance will be cancelled if the Death Benefit or Terminal Illness Benefit is paid.

Where TPD insurance is Attached or Linked to Critical Illness insurance and/or Life insurance, the Benefit Amount for TPD insurance and/or Life insurance (if applicable) will be reduced by any Critical Illness insurance paid.

If Superlink TPD Insurance is reduced or increased under one Policy, Superlink TPD Insurance on the other Policy will be reduced or increased (as applicable) at the same time. If TPD is cancelled under the superannuation Policy, the non-superannuation Policy will also be cancelled unless you notify us in writing to retain the Plan outside of superannuation before cancellation.

If TPD is cancelled under the non-superannuation Policy, cover will continue under the superannuation Policy, and Superlink TPD will no longer apply.

3.5 Income Protection Super, Standard and Premier

- a permanent or temporary banning, deregistration, disqualification or a restriction being placed on you, which prevents you from performing all or some of the duties of your Gainful Occupation.

No payment will be made under the Critical Illness Option unless the Life Insured survives a Critical Illness Event for at least 14 days.

Income Protection Super, Standard and Premier Adjustments

Adjustments only apply to payments under the Total Disability Benefit, the Partial Disability Benefit and the Scheduled Injury Benefit.

Where Income Protection is structured outside of superannuation, a reduction will only be made if you receive other payment(s) through:

- any other individual or group disability income insurance, credit or mortgage insurance not disclosed at the time of underwriting, increase in benefits or reinstatement of the Policy; or
- workers' compensation, common law or statute where payments are in respect of your disability and in calculation the payment the relevant authority did not, or could not, take into account payments due under the Plan (not applicable if your occupation class is AAA or AA+).

Where Income Protection is structured through superannuation, a reduction will only be made if you receive other payment(s) through:

- any other individual or group disability income insurance, credit or mortgage insurance;
- workers' compensation, common law or statute where payments are in respect of your disability and in calculation the payment the relevant authority did not, or could not, take into account payments due under the Plan; or
- sick leave, where you have accrued entitlements at the commencement of the Waiting Period and choose to use those entitlements during the Benefit Period (only applicable when Income Protection is structured through superannuation).

If any of the other payments above are received as a lump sum, it will be converted to a monthly amount on the basis of 1% of the lump sum for each month that a disability benefit is paid. The disability payment will be calculated taking this figure into account for a maximum of eight years.

If an adjustment applies it will be to ensure that the benefit payable plus the other payments including Earnings is not greater than the following:

- Total Disability:
 - 75% of the first \$26,666 (\$320,000 pa) of Pre-Disability Earnings;
 - 50% of the next \$20,000 (\$240,000 pa) of Pre-Disability Earnings; and
 - 20% of Pre-Disability Earnings above \$46,666 (\$560,000 pa).

The reduction will not exceed the amount of the other payments.

- Partial Disability:
 - 100% of Pre-Disability Earnings.

3.6 Special conditions

During the underwriting process, we may apply special conditions on the Policy that we issue to cover the increase in risk, based on your personal situation. For example, we may exclude a particular health condition or pastime, increase your premium payment or reduce the benefit.

If special conditions have been applied to your Policy, you can be assured that we will assess any claim you make fairly, and make our decisions based on the evidence available at the time. We may be able to remove or reduce these special conditions if your health or lifestyle improves after you've taken out the Policy.

Where we have relied on medical evidence to make our decision and you would like a copy of this, we will provide this either directly to you or your doctor within 10 business days of receiving your request.

4 What are the costs?

The cost of your Policy depends on a range of factors, including the type of cover, your age and gender, whether or not you smoke, the length of time you have had your Policy and how often you choose to pay your premiums.

We also take your occupation, health, income and personal pastimes into account in determining insurance premium amounts. Once we know a little bit about you and the cover you require, we can then determine the basic costs involved. Sometimes discounts may apply to certain Policies, however these may not apply for the full term of your Policy.

In addition to the Policy cost, government duties and charges are included in your premium and a Policy Fee will also apply. Please see page 29 for details of the Policy Fee.

To give you an idea of the costs involved, our minimum premium is currently \$220 a year for a new Policy and \$110 a year for an increase under an existing Policy. We recommend you contact your financial adviser to obtain an accurate quotation for your circumstances.

When you are provided with a Policy Schedule, you should read it carefully. The Policy Schedule will show you the first year's premium amount or the first instalment premium amount. The premium amount will also include any extra amounts charged to you when we accepted your application or reinstated your Policy or a Plan under it.

Premium payable

All premiums are payable by the due date shown in your Policy Schedule (unless otherwise advised).

For the following years, we'll advise you of your new premium before each Policy anniversary.

Payment frequency and method

Premiums are payable either yearly, half-yearly, quarterly or monthly. A frequency discount may apply for premiums paid half-yearly or yearly. You can pay by:

- direct debit;
- credit card (MasterCard or Visa);
- rollover where structured through TAL Super (yearly payments only);
- cheque (for quarterly, half-yearly and yearly payments only); or
- BPAY® (Biller Code: 7955), (for quarterly, half-yearly and yearly payments only).

Non-payment or late payment of premiums

If we do not receive your premium payment by the due date, we will send you a notice and provide at least 30 days to pay the overdue premium. If you do not make the overdue premium by the date stated in the notice, we will cancel your policy.

If this happens, you will need to apply to have your Policy reinstated if you continue to require the cover, or you may need to apply for a new Policy. Reinstatement is not guaranteed. We reserve the right to decline your application for reinstatement or offer reinstatement with altered terms and conditions.

Stepped premiums

If you select Stepped premiums, the amount you pay will generally increase at each Policy anniversary.

Level premiums

If you select Level premiums, the amount you pay will be based on your age at the Plan start date. This generally means your premium will only increase if:

- you include a new Plan or benefit option in your Policy;
- your Benefit Amount increases, including through the Inflation Protection Benefit;
- Level premiums revert to Stepped premiums due to your age;
- the Policy fee increases;
- the premium rate increases;
- Policy discounts no longer apply; or
- government duties or charges increases.

Where you choose to increase your cover, the rates used to calculate premiums for the alteration will be based on your age at that time.

Where level premium to age 65 is shown in your Policy Schedule, they will revert to stepped premiums on the Policy anniversary preceding your 65th birthday. Where level premium to age 70 is shown in your Policy Schedule, they will revert to stepped premiums on the Policy anniversary preceding your 70th birthday.

Changes in premiums

We can increase the rates or Policy fees (except for guaranteed level premiums for Life insurance). If we do increase our premium rates or Policy fees, you will be advised of the change before the increase taking effect. Premium rates are guaranteed not to change before the first anniversary of the Policy.

Your Policy cannot be singled out for an increase in premium rates because of an adverse change in the health or circumstances of the Life Insured once the risk is accepted.

Guaranteed level premium – Life insurance only

Level premium rates for Life insurance are guaranteed not to increase until the Policy anniversary date before your:

- 65th birthday, where Level premium to age 65 is selected; or
- 70th birthday, where Level premium to age 70 is selected,

except if there are any increase in tax, duty or charge introduced by government. This does not apply to Critical Illness, TPD or Income Protection insurance.

Additional increases to Benefit Amounts

In some circumstances, we may agree to accept a voluntary increase in Benefit Amounts, even where a voluntary increase, if accepted, would result in the Benefit Amount exceeding the limits set out under the relevant Plan conditions. We may write to you from time to time to see if you wish to request a voluntary increase. Any request for a voluntary increase is subject to the Duty of Disclosure outlined in Section 5 and will involve a recalculation of your premium.

Changes to Your Policy

The conditions of the Policy can be changed if required, but only if agreed to by both you and us. TAL reserves the right to apply an underwriting assessment to any Policy alteration that requires underwriting. Any change must be confirmed in writing by an authorised member of our staff.

Policy Fee

In addition to your premium, a Policy Fee is payable under Accelerated Protection. This fee is included in the premium payment described in the Policy Schedule. The Policy Fee amount included in each premium payment depends on the premium frequency, as shown in the table below.

Premium Frequency	Per Instalment	Annual Equivalent
Yearly	\$77.00	\$77.00
Half Yearly	\$38.50	\$77.00
Quarterly	\$21.00	\$84.00
Monthly	\$7.00	\$84.00

We will increase the Policy Fee on each following Policy anniversary to allow for inflation. The rate of increase in the Policy Fee will be the greater of the Indexation Factor or 5%.

Commission

TAL may pay commissions and other benefits to your financial adviser. Any amounts paid are factored into the cost of your Policy. Your financial adviser will provide details of the benefits they will receive in the Financial Services Guide and Statement of Advice that they will give to you.

Can TAL cancel your Policy?

As long as all your premium payments are received by the due date, your Policy will remain current until the Plan end date. This means your insurance Policy will continue regardless of any changes in your health, occupation, pastimes or income.

Your Policy may be cancelled if you make a fraudulent claim.

We will honour claim payments in line with the Policy Conditions if:

- you have complied with the Duty of Disclosure; and
- you have answered all questions in your application honestly and accurately; and
- your claim complies with relevant Australian laws.

5 Important information about your cover

Duty of Disclosure

Before you enter into or become insured under an insurance contract with us, you and any life to be insured are required under the Insurance Contracts Act 1984 to provide us with the information we need to decide whether we'll accept your application for insurance, what terms will apply and what your premium will be. For this Duty of Disclosure section, 'You' includes both the Policy Owner and the Life Insured.

You have this duty until we agree to insure you.

You have the same duty before you extend, vary or reinstate an insurance contract.

You do not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If the insurance is for the life of another person and that person does not tell us everything he or she should have, this may be treated as a failure by you to tell us something that you must tell us.

If you do not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate contracts of life insurance. If they do, we may apply the following rights separately to each type of cover.

If you do not tell us anything you are required to, and we would not have insured you if you had told us, we may avoid the contract within 3 years of entering into it.

If we choose not to avoid the contract, we may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told us everything you should have. However, if the contract has a surrender value, or provides cover on death, we may only exercise this right within 3 years of entering into the contract.

If we choose not to avoid the contract or reduce the amount you have been insured for, we may, at any time vary the contract in a way that places us in the same position we would have been in if you had told us everything you should have. However, this right does not apply if the contract has a surrender value or provides cover on death.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

If you have applied for your Accelerated Protection Policy via a financial adviser it is also your responsibility to ensure that the information provided to your adviser is accurate and complete and that the correct information is entered into the paper or electronic Application Form.

Your cover – when it starts and ends and some important things for you to do

If we accept your application and you have paid the first premium and we issue a Policy Schedule, your cover will start.

When you decide to purchase an Accelerated Protection Policy and we agree to provide that cover, you will receive a Policy Schedule and Policy Document which set out the terms and conditions of the contract between TAL and the Policy Owner.

The Policy Schedule shows the Plan start date, identifies the Policy Owner, and outlines the benefits, options, specific exclusions and adjustments that apply to you. You will need to provide the Policy Schedule to us if you have to make a claim under Accelerated Protection.

Please read the Policy Document and the Policy Schedule carefully to ensure the terms and conditions meet your needs. These are important documents and should be kept in a safe place.

If the Policy is altered at any time you will receive a new Policy Schedule or confirmation reflecting the agreed changes.

If the Policy is owned by more than one person, it will be owned on a joint tenancy basis.

The date your cover ends depends on the conditions outlined in the Policy Document.

If you are eligible and exercise the Premium Pause Benefit, cover will end following expiry of the Premium Pause Benefit period if no instruction is received from you to reinstate the Policy and payment of premiums have not resumed.

Taxation

If you are considering the tax implications of purchasing and receiving benefits under Accelerated Protection, it is important you seek independent, professional taxation advice. The complexity of taxation laws and rulings is such that this advice should be specific to your circumstances. This should include any tax implications of purchasing insurance cover structured through superannuation or outside of superannuation. The following information regarding the taxation rules in force at the date of this PDS is provided as a general guide only.

We reserve the right to make changes to Accelerated Protection and premium rates in response to any taxation or other legal changes.

Goods and Services Tax

Accelerated Protection is treated as input taxed under the GST law and the premium will not be subject to GST. The premium rates are inclusive of any GST costs incurred in relation to the policy. An input tax credit will not be available to the Policy Owner.

Insurance held outside superannuation

The following general information relates only to Australian resident individuals who are both the Policy Owner and the Life Insured.

Income Tax

For Income Protection insurance, premiums for insuring against loss of income should generally be tax deductible and benefits paid which substitute for lost income should generally be assessable as income. This is not the case for Life insurance, TPD insurance, Critical Illness insurance, Child's Critical Illness insurance and for certain benefits under Income Protection insurance. This may vary if insurance is taken out for business purposes and you should seek professional taxation advice.

Capital Gains Tax

Benefits payable under the Policy may be assessed under the capital gains provisions if you are not the original beneficial owner of the Policy and you acquired an interest in the Policy for consideration.

Tax Withholding

We usually do not deduct or remit tax from claim payments, unless required to do so by law.

Making a claim

After you become aware that you may need to make a claim under Accelerated Protection, you must tell us about your situation as soon as you can. Delays could potentially affect our ability to pay your claim.

If the claim is other than a death or terminal illness claim, if you have not done so already, we recommend you see your Medical Practitioner as quickly as possible. Your health and recovery is important to us, and we want to be able to support you as quickly as possible. A medical assessment is a key part of assessing your claim and assists us to provide the appropriate support to help you get back to work.

When you contact us, we will look to understand your situation and help you to understand what information we will need to move your claim forward as quickly as possible. We will provide you with a guide to making a claim, to help you understand the claims process, what to expect for the assessment of your claim and to make the claim as easy as possible for you.

You are usually required to complete a claim form and provide us with certain claim information. More details about these requirements are set out in your Policy Document. Claims will only be paid if the requirements in the Policy Document and Policy Schedule have been met.

We understand that this will be a difficult time for you and so when we receive your claim information, a dedicated case manager will be assigned to support you through your claim. Your case manager will tell you what information we need at each stage of your claim, to enable a decision to be made on the claim as quickly as possible.

Our case managers are also there to support you throughout your claim and will seek to provide you with ongoing support. For example with Income Protection claims, they may look to identify and ask you to participate in recovery and rehabilitation support programs, when appropriate.

Of course, for claims such as Income Protection, as part of our ongoing management your case manager may also require information from time to time, to ensure you continue to be eligible for benefits under your Policy. This may include medical examinations at our expense, interviews or financial information (for Income Protection insurance claims).

Guaranteed renewal of cover

As long as you have complied with the Duty of Disclosure, answered all our questions accurately and fully paid your premiums when due, Accelerated Protection continues until all cover ends. See Section 5 titled 'Your cover – when it starts and ends and some important things for you to do' on page 30 for more information. This guarantee of renewal applies regardless of any change in your health or personal circumstances.

Guarantee of upgrade

Where improvements are made to benefits under the Policy without increasing the premium rates, these improvements will be included in your Policy. You will be notified of the changes and improvements via:

- notice in writing;
- our website; or
- your adviser.

In the unlikely event that you are unexpectedly disadvantaged in any way, then the former wording of the condition will apply. Naturally if you have any existing symptoms before an improved condition is included, you will be assessed on the former wording of the condition (if applicable).

No cash value

None of the benefits outlined in this PDS – Life insurance, Life insurance (through superannuation), Critical Illness insurance, Child's Critical Illness insurance, TPD insurance, TPD insurance (through superannuation), Income Protection insurance or Income Protection insurance (through superannuation) – have a cash value if cancelled. The premiums paid represent the amounts due for us undertaking the risk of the insured event occurring.

Statutory Fund

The Policy will be issued from TAL's No.1 Statutory Fund.

Complaints Process

If you have a complaint about our service or your privacy, you should direct your complaint depending on the product you hold as follows:

1. Complaints about Accelerated Protection (including if provided through your self-managed superannuation fund)

If you wish to make a complaint about Accelerated Protection which is not issued to you through TAL Super you can write to:

 The Manager, Complaints Resolution
TAL Life Limited
GPO Box 5380, Sydney NSW 2001

We will try to resolve your complaint within 45 days of receiving it, but we may need up to 90 days. If we need 90 days to resolve your complaint, we will tell you why and ask for your consent.

If your complaint has not been resolved to your satisfaction within 45 days of lodging your initial complaint to TAL (or, if you have agreed, within 90 days) you may contact the Financial Ombudsman Service (FOS). FOS is an independent body designed to help you resolve complaints relating to financial products as well as complaints relating to financial advice and sales of financial and investment products. Complaints with FOS

may be resolved by a conciliation process or arbitration. This complaints procedure is free of charge. Decisions made by FOS are binding on us. Before you ask FOS to help you, please try to resolve the issue with us. There are some circumstances where FOS cannot deal with your complaint. They can advise you of these circumstances. FOS can be contacted as follows:

6 Structuring your Policy through Superannuation

You can choose to structure your Accelerated Protection through a complying superannuation fund. This means the trustee of the fund becomes the Policy Owner and you become a member of the fund.

When benefits are paid, they will be received by the trustee who will then distribute them in accordance with the governing rules of the superannuation fund and superannuation law.

Check with the trustee of your superannuation fund to see whether they are able to pay TAL your insurance premiums from your member account. This would be the case for most self-managed superannuation funds.

If you are not a member of a complying superannuation fund, or you are a member of a fund which cannot pay us insurance premiums from your member account, you can still take out Accelerated Protection through superannuation by becoming a member of TAL Super (see Structuring your Policy through TAL Super, Section 7). This applies to Life insurance, TPD insurance and Income Protection insurance.

If you structure your Accelerated Protection through superannuation the taxation impacts may differ from holding insurance outside of superannuation, so it's important to seek financial advice before you make this decision. Superannuation law is complex, so this advice should be specific to your circumstances. Please see Tax Information on page 35 for more information.

There are some important differences between owning your insurance yourself and purchasing your insurance through superannuation. For example, some benefits will not apply as set out in this PDS. However, in some circumstances purchasing insurance through superannuation may be more advantageous.

Should you choose to structure your Income Protection insurance through superannuation you should be aware that due to the definition of "gainfully employed" under superannuation law, unemployment in the period immediately before Total Disability or Partial Disability may have the result that no benefits are payable. Should you become unemployed, you may be able to have your premiums for this period waived, for up to 12 months, under the Superannuation Pause Benefit (see page 20).

When Income Protection insurance is structured through superannuation on an Agreed Value basis you should be aware that payments through the Temporary Incapacity condition of release will be restricted by superannuation law to the member's average Earnings in the 12 month period immediately before the start of the Waiting Period.

If you are concerned about the potential complications of Income Protection insurance through superannuation, you should speak to your financial adviser.

General information about superannuation

The following information is provided to assist you in understanding your options. It is general information only and is not intended to be a comprehensive statement of the laws applying to superannuation. You should talk to your financial adviser about your personal circumstances.

Contributions to the Fund

Contributions can only be made to the fund in accordance with superannuation law. Superannuation law stipulates the way in which employer and personal contributions can be made as well as work requirements and age limits in relation to the acceptance of superannuation contributions for members.

Payment of a Death Benefit

Superannuation law specifies that a death benefit can only be paid to the following:

- member's spouse (married, de facto or same sex couples);
- child of the member of any age (including adopted child, stepchild and ex-nuptial child);
- the member's legal representative;
- any person who was financially dependent on the member at the time of death; and
- any person with whom the member had an interdependency relationship.

Where after reasonable searches the trustee cannot locate any of these persons, it may pay the death benefit to an individual non-dependant such as a parent or sibling.

Payment of superannuation benefits

Other than death benefits, a superannuation benefit can only be paid where the member meets a condition of release under applicable superannuation law. In a general sense, these circumstances include Permanent Incapacity, Temporary Incapacity, Terminal Medical Condition, retirement (or the person has reached their preservation age), the termination of employment after age 60, leaving Australia after holding an eligible temporary resident visa, and on financial hardship or compassionate grounds. Rules relating to when superannuation benefits can be accessed are complex, so you should consult your financial adviser for further information.

Superannuation and family law

Provisions in the Family Law Act enable parties who are married to require superannuation fund trustees to carry out certain actions in relation to superannuation entitlements. Members (married persons only) should note that their spouse will be able to request the trustee to disclose information about the member's benefit entitlements ('Request for Information').

The trustee is prohibited by law from informing them that such a request was made. The trustee will not pass any information about your present whereabouts to the person making the Request for Information.

Payment by Rollover

- If you are funding your insurance premium through superannuation, you must ensure that the cost of premiums do not inappropriately erode your retirement savings;
- some superannuation funds are prevented from making rollovers to pay for insurance cover through superannuation – you should check whether your superannuation fund is able to pay a rollover.

Superannuation – Further points to consider

- The laws governing superannuation are complex and the statements provided here are general in nature and based on current law;
- You should obtain your own independent advice on the taxation implications of joining the Fund and in maintaining insurance cover through the Fund; and
- As your circumstances change, so may the tax treatment of your contributions and any other payments made through the Fund.

Tax Information

Unless otherwise stated, the general information provided below is based on the law that is in force at the time this PDS was prepared and relates to Australian resident individuals only. We recommend that you obtain independent, professional tax advice that takes into account your specific circumstances regarding the tax and superannuation implications of investing in or contributing to superannuation and joining the Fund.

Individual Members

You may be eligible for a tax deduction for your personal voluntary superannuation contributions.

From 1 July 2017 the requirement that you derive less than 10% of your income from employment sources has been abolished and regardless of your employment arrangement you may be able to claim a tax deduction for your personal superannuation contributions. Those aged 65 to 74 will still need to meet the work test in order to be eligible to make a personal contribution. In the 2018/2019 Federal Budget the government announced that an exemption will be introduced to relax this rule so that from 1 July 2019, individuals aged between 65 and 74 with superannuation balances below \$300,000 will be allowed to make personal contributions in the first year that they do not meet the work test requirements. Personal contributions which are claimed as a tax deduction are concessional contributions and are subject to the concessional contributions cap discussed below. Employer and salary sacrifice contributions are also concessional contributions.

The concessional contributions cap for the 2018/2019 financial year is \$25,000 for individuals of all ages.

Concessional contributions are generally included in the fund's assessable income and may be subject to tax at the rate of 15% in the fund's hands. However where the member's personal adjusted taxable income exceeds \$250,000, the ATO will issue an assessment to the member assessing their concessional contributions to an additional 15% of tax.

Where concessional contributions in excess of the applicable cap are made in a financial year the ATO will issue the member an assessment taxing the excess at the member's marginal tax rate (plus the Medicare levy). The member will be entitled to a tax offset equal to 15% of their excess concessional contribution (reflecting generally the tax already assessed to the recipient fund). An interest charge called the excess concessional contributions charge also applies for the deferral of tax.

If you are a low income earner and have eligible concessional superannuation contributions, you may be eligible for the low income superannuation tax offset, which is paid to your super fund.

There are also limits on the amount of post-tax or 'non-concessional contributions' that can be made on behalf of a member. Non-concessional contributions include personal contributions for which you do not claim an income tax deduction.

For the 2018/2019 financial year, the annual cap for non-concessional contributions is \$100,000 and individuals with total superannuation balances of \$1.6 million or more are not eligible to make non-concessional contributions. There is a 'bring-forward' option as discussed below and there are also special rules for downsizer contributions.

There are tax consequences if your non-concessional contributions exceed the cap. You may be taxed on any associated earnings. If you cannot or choose not to release your excess non-concessional contributions from your superannuation funds you will be taxed on non-concessional contributions over the cap at the highest marginal tax rate plus the Medicare levy. These provisions are complex so we recommend that you obtain professional advice that is specific to your circumstances.

Under the 'bring-forward' option, people under 65 years of age can bring forward three years' entitlements to non-concessional contributions based on the applicable annual cap limits. However, from 1 July 2017 individuals with total superannuation balances over \$1.4 million have reduced access to the bring forward rule.

If you receive an excess concessional or non-concessional contribution determination from the ATO, you should not elect for amounts to be released from TAL Super. TAL Super is unable to process a release authority from the ATO because you will not have an accumulation interest in TAL Super.

If your taxable income is less than \$52,697 (for the 2018/2019 financial year), you may also benefit from Government co-contributions if you make a personal after-tax (non-concessional) contribution to your superannuation and meet the other eligibility requirements.

The Government co-contribution is a payment made by the Federal Government to the superannuation account of eligible members who make personal non-concessional contributions. For more information contact your financial adviser or the Australian Tax Office (ATO) Superannuation line on 13 10 20.

Employers

Employer contributions are tax deductible to the employer where they are made for the purpose of providing superannuation benefits for an employee or the employee's dependants.

Employers are entitled to claim a deduction for contributions paid to complying superannuation funds for employees aged:

- under 75; or
- 75 and over, where contributions are required under relevant industrial awards.

Tax payable on death benefits

Lump sum death benefits are tax free if paid to a dependant for tax purposes or the member's estate where the beneficiaries of the estate are dependants of the member for tax purposes. Lump sum death benefits paid to non-dependants for tax purposes or the member's estate to the extent the beneficiaries are not dependants for tax purposes, are taxed at different rates depending on whether the elements are from taxed or untaxed sources. For elements taxed in the fund, the rate is the lower of the recipient's marginal tax rate and 15%, plus the Medicare levy. For elements untaxed in the fund, the rate is the lower of the recipient's marginal tax rate and 30%, plus the Medicare levy. The trustee of the member's estate does not bear the Medicare levy.

Tax payable on Terminal Illness Benefits

Terminal illness benefits paid to members are tax free.

Tax payable on Income Protection Benefits

When an Income Protection Benefit that substitutes for lost income is paid, this should constitute assessable income in the hands of the recipient and will be taxed at the recipient's marginal tax rate, plus the Medicare levy where applicable.

Tax payable on TPD Benefits

Total and Permanent Disablement Benefits are taxed at different rates, depending on the amount, the member's age when they were disabled and their age at the date of payment.

Withholding tax

Where TAL or the trustee is required by law to deduct any tax, duty, impost or the like in connection with the payment of a benefit, TAL or the trustee will deduct the required amount from the payment and forward it to the relevant authority.

7 Structuring your Policy through TAL Super

In this section references to 'Fund' refer to TAL Super and references to 'Trustee' refer to Mercer Superannuation (Australia) Limited.

Important information

This section sets out important information about TAL Super (Fund). Where structured this way, your Policy is owned by Mercer Superannuation (Australia) Limited (Trustee) as trustee for the TAL Super plan in the Mercer Super Trust (the Fund). The Fund is a resident complying superannuation fund regulated by the Australian Prudential Regulation Authority (APRA) under the Superannuation Industry (Supervision) Act 1993 (SIS). Mercer (Australia) Pty Ltd (Mercer) pays the Trustee's costs of running TAL Super. TAL makes payments to Mercer towards the costs of running TAL Super. These costs are not an additional cost to you. Where Accelerated Protection is issued to you through the Fund, the terms and conditions of the Policy may be varied in the manner set out in this PDS. In these circumstances we recommend that you read the entire PDS, including this section.

Joining the Fund

The first step in the joining process is for your financial adviser to submit your application. If your application for insurance is accepted by TAL, and the Trustee is able to accept contributions or rollovers for you, you will then become a member of the Fund.

Insurance cover under the Fund

Once you are a member of the Fund and if TAL has agreed to issue cover to the Trustee in respect of you, TAL will issue Accelerated Protection to the Trustee. The Trustee will be the Policy Owner and you will then be the Life Insured through the Fund.

Please note that you will not have an accumulation account in the Fund, as the Trustee will immediately pay all contributions and rollovers received for you to the MST (TAL Super) Application Moneys Account to pay your Accelerated Protection premiums. Your membership of the Fund is for the provision of insurance benefits only.

In circumstances agreed by the Trustee and TAL, an overpayment of premium may be held and applied to reduce future premiums. No interest will be paid in these circumstances.

To reflect the most common tax outcome to TAL Super, the Trustee:

- Will assume you will be claiming a tax deduction for any personal contributions you make. This means we will assume that 15% tax will be payable on the contribution and the premium funded by your contribution will be deductible against that tax, resulting in no net tax impact; and

- Will assume any rollover you make is non-taxable, meaning that no tax is payable on the rollover, but the premium funded by the rollover is deductible for tax purposes, so there will be a net 15% tax impact ie your rollover will only need to fund 85% of the premium.

It is not possible to later adjust those outcomes to reflect your individual tax circumstances. Importantly, these outcomes do not change the premiums you pay or the amount of cover under your Policy Schedule.

Trust Deed

The Fund is governed by rules set out in its Trust Deed. The Trustee is able to amend these if superannuation law permits.

Under the Trust Deed, the Trustee is not generally liable to you for any act or omission other than where the Trustee has failed to act honestly, or where the Trustee has intentionally and/or recklessly failed to exercise the degree of due care and diligence that it was required to exercise.

The Trustee has the right to indemnity from the Fund for all liabilities it may incur, unless prevented by superannuation law.

Providing your Tax File Number (TFN)

TAL has agreed with the Trustee of the Fund not to issue any Policy to a member who has not provided the Trustee with their TFN. This means that to be eligible for cover through the Fund you must be prepared to quote your TFN to the Trustee.

The Trustee is authorised to collect individuals' TFNs under superannuation law and will request that you supply your TFN. Your TFN will only be used for lawful purposes which include administering the Fund and may only be disclosed as permitted by the applicable laws. The purposes for which we and the trustee are able to use your TFN may change in the future as a result of legislative change.

You are under no obligation to provide your TFN and declining to quote your TFN is not an offence.

Nominating a beneficiary

Understanding who receives your superannuation benefit including any insurance benefit in the event of your death is important. Under the rules of the Fund, the Trustee has the discretion to determine to whom and in what proportions any death benefit is payable. You may, however, nominate your legal personal representative and/or dependants as your preferred beneficiaries and the Trustee will consider your wishes in the event of your death.

How do I nominate a beneficiary for my Death Benefit?

In the event of your death, benefits will be paid to one or more of your dependants or to your legal personal representative as the Trustee determines.

For superannuation and tax purposes, the definition of a 'Dependant' includes any of the following:

- a spouse, which includes a person (whether of the same or different sex) with whom the member is in a relationship that is registered under a law of a State or territory, or a person who, although not legally married to the member, lives with the member on a genuine basis in a relationship as a couple;
- a child of the member, including adopted child, step-child, ex-nuptial child or child of the member's spouse (for tax purposes a child must be under age 18);
- a person who is financially dependent on the member;
- a person with whom the member has an 'interdependency relationship'.

It is recommended that any nomination of beneficiaries made by you be reviewed regularly, particularly if a change in circumstances has occurred (e.g. marriage or divorce).

Binding Nominations

Generally your nomination is only a guide for us and the Trustee is obliged to pay your Death Benefit in accordance with the Trust Deed and superannuation laws. If you wish to make your nomination binding, the Trust Deed and superannuation laws require special conditions to be met.

When making (or amending) a binding nomination, the nomination must be signed in the presence of two witnesses. Both of these witnesses need to be over the age of 18 and cannot be beneficiaries under the binding nomination.

Each binding nomination remains valid for only three years, so if you do choose this option it is your responsibility to renew your nomination and advise the Trustee of appropriate changes.

If your nomination expires or is invalid at the time of your death, the Trustee has the discretion to determine to whom and in what proportions any death benefit is payable.

What is an interdependency relationship?

An interdependency relationship is defined as where two people (whether or not related by family):

- live together; and
- have a close personal relationship; and
- one or each of them provides the other with financial support; and
- one or each of them provides the other with domestic support and personal care.

An interdependency relationship can also exist where there is a close personal relationship between two people who do not satisfy all other criteria for interdependency because either or both of them suffer from a physical, intellectual, psychiatric or other disability.

Approved eligible rollover fund

The Trustee is required by superannuation law to select an eligible rollover fund (ERF) to which we may transfer your withdrawal benefit in certain circumstances.

If a disability benefit becomes payable, and you do not meet an appropriate condition of release, your benefit must be transferred out of the Fund and into an alternative superannuation arrangement. The Trustee may transfer any benefit to an ERF if you do not notify the Trustee of an alternative superannuation arrangement.

If we pay your benefit to an ERF, you cease to be a member of the Fund and become a member of the ERF. On transfer to the ERF, your insurance protection in the Fund ceases. You are able to transfer or withdraw your benefit from the ERF as the governing legislation permits.

The Trustee has nominated SuperTrace Eligible Rollover Fund as the ERF for TAL Super.

8 Definitions

Words used in this PDS that are capitalised have the meaning given to them in the Policy. Some of the relevant definitions are extracted from the Policy Document and repeated below. You should read your Policy Document for these and any other defined terms.

8.1 General Definitions

Activities of Daily Living (ADL) are:

- Bathing – the ability to shower and bathe;
- Dressing – the ability to put on and take off clothing;
- Toileting – the ability to get on and off and use the toilet;
- Mobility – the ability to get in and out of bed and a chair; and
- Feeding – the ability to get food from a plate into the mouth.

Earnings means:

- a) if the Life Insured directly or indirectly, owns all or part of the business in which his or her work is performed (ignoring shares in publicly listed companies), their share of income earned in the conduct of the business or profession, less their share of business expenses necessarily incurred in the conduct of the business or profession; or
- b) if the Life Insured is an employee (and paragraph (a) does not apply), salary, wages, superannuation, bonuses and any other income considered part of the Life Insured's remuneration package, earned by him or her for services performed.

Income paid from other disability income policies, retirement plans, lump sum disability payments, rental income and investment income are some examples of income we would not consider part of Earnings.

Fund means your superannuation fund, if you choose to have your Accelerated Protection policy structured through superannuation. You can choose either TAL Super or your self-managed superannuation fund.

Injury means a bodily injury suffered by the Life Insured.

Linked or Linking means the connection of two separate Policies whereby the payment under a Plan purchased under one Policy effects a corresponding reduction in the Benefit Amount payable under the other (Linked) Policy and a reduction in the total premium payable.

Loss of Independent Existence (permanent) means Significant Cognitive Impairment or the total and irrecoverable loss of ability, due to Sickness or Injury, to perform at least two of the Activities of Daily Living without the physical assistance of another person.

Normal Domestic Duties means:

- cooking meals – to use kitchen and cooking utensils, appliances and equipment to prepare more than the most basic meals for oneself and/or others; and
- cleaning the home – to use domestic appliances and equipment to clean and maintain a home and do laundry to basic standards; and
- shopping for food – to shop for everyday household provisions; and
- driving a car – the physical ability to drive a car; and
- providing care for children and/or dependent adults (where applicable).

Operating Loss means the Life Insured's share of the Business Income less Business Expense, where:

- **Business Income** means the business turnover less the costs of goods sold (if applicable); and
- **Business Expense** means the expenses which are reasonable and necessarily incurred in generating Business Income, excluding salaries, fees, moneys or benefits paid to the Life Insured, depreciation, stock or items of a capital nature.

Partial Disability and **Partially Disabled**, under Income Protection insurance (Super, Standard and Premier), means that, solely because of a Sickness or Injury the Life Insured:

- is working in his or her Own Occupation or any Gainful Occupation, but in a reduced capacity; and
- is following the advice of a Medical Practitioner; and
- has suffered a reduction in the ability to generate Earnings.

Sickness means an illness or disease suffered by the Life Insured, as confirmed by a Medical Practitioner.

SIS means the Superannuation Industry (Supervision) Act 1993 or the Superannuation Industry (Supervision) Regulations 1994 (as applicable).

Superlink IP allows Income Protection Standard or Income Protection Premier to be Superlinked to an Income Protection Super Policy.

If you select the Superlink option, two policies will be issued. An Income Protection Super Policy will be issued to the trustee of a superannuation fund, and a second non-superannuation Income Protection Standard Policy or Income Protection Premier Policy will be issued to the Life Insured and Superlinked to the Income Protection Super Policy. Your Policy Schedules will indicate where Superlink applies for Income Protection.

The following conditions apply for the two Policies:

- the Income Protection monthly Benefit Amount, Type of Cover (Agreed Value or Indemnity), Waiting Period, Benefit Period, and any loadings or exclusions (if applicable) of each Policy must always be the same;
- in the event Income Protection is reduced or increased under one Policy, Income Protection on the other Policy will be reduced or increased (as applicable) at the same time;
- where Income Protection Super Policy is cancelled, the non-superannuation Policy will also be cancelled unless you notify us in writing to retain the Plan outside of superannuation before cancellation;
- where Income Protection is cancelled under the non-superannuation Policy, cover will continue under the Income Protection Super Policy and Superlink IP will no longer apply;
- the maximum benefits payable under both Policies will never exceed that which would be payable under a single Income Protection Standard or Income Protection Premier Policy (as applicable).

Claims will first be assessed with reference to the terms and conditions under the Income Protection Super Policy, and any amount payable will be paid to the trustee of the superannuation fund on your behalf. Any benefits not payable under the Income Protection Super Policy may be paid under the non-superannuation Policy, subject to the Life Insured meeting the applicable terms and conditions.

Your Policy Schedules will indicate when Superlink IP applies.

Superlink TPD allows you to purchase TPD insurance with an 'Own Occupation' definition of TPD where the "Any Occupation" definition component of the TPD Insurance is held within superannuation and the "Own Occupation" definition component is held outside of superannuation.

Two Policies will be issued, one of which will be issued to the trustee of a superannuation fund, and the other will be issued outside of superannuation. These Policies will be Linked and the following additional conditions apply:

- the TPD Benefit Amount, any optional benefits selected, and any loadings or exclusions (if applicable) of each Policy must always be the same;
- in the event that TPD Insurance is reduced or increased under one Policy, TPD Insurance on the other Policy will be reduced or increased (as applicable) at the same time;

- where TPD under the superannuation Policy is cancelled (not as a result of claim payment), the non-superannuation Policy will also be cancelled unless you notify us in writing to retain the Plan outside of superannuation before cancellation;
- where TPD is cancelled under the non-superannuation Policy, cover will continue under the superannuation Policy, and Superlink TPD will no longer apply;
- the maximum benefits payable under both Policies will never exceed that which would be payable under a single TPD policy.

Claims will first be assessed using the "Any Occupation" definition and the SIS definition of Permanent Incapacity under the superannuation Policy. If these definitions are satisfied the Benefit Amount insured will be paid to the trustee. If these definitions are not satisfied, the claim will be assessed using the 'Own Occupation' definition of TPD under the non-superannuation Policy and any Benefit Amount payable will be paid to the Policy Owner.

Claims will only be considered under the non-superannuation Policy where the SIS definition of Permanent Incapacity is not satisfied.

Your Policy Schedules will indicate when Superlink TPD applies.

TAL Super means a plan within the Retail Division in the Mercer Super Trust (ABN 19 905 422 981) sponsored by TAL Services.

Terminally Ill and **Terminal Illness** means an illness or condition where, after having regard to the current treatment or such treatment as the Life Insured may reasonably be expected to receive, the Life Insured has a life expectancy of less than 12 months.

When Life Insurance is structured through superannuation, the Life Insured must also satisfy the SIS definition of Terminal Medical Condition.

Total Disability and **Totally Disabled** under Income Protection insurance (Super, Standard and Premier) means that, solely because of Sickness or Injury, the Life Insured is following the advice of a Medical practitioner and:

- is not working in any Gainful Occupation and is unable to perform one or more duties necessary to generate Earnings in the Life Insured's Own Occupation; or
- is not working in any Gainful Occupation and has suffered a reduction of 80% or more in the ability to generate Earnings in the Life Insured's Own Occupation; or
- is unable to perform the duties necessary to generate income for more than 10 hours per week and:
 - for Income Protection Super and Standard, is not in any Gainful Occupation; or
 - for Income Protection Premier, his or her Earnings are less than their Pre-Disability Earnings.

Where Income Protection Super has been selected (as indicated in the Policy Schedule), the Life Insured must also satisfy the SIS definition of Temporary Incapacity or Permanent Incapacity.

Total and Permanent Disability and **Totally and Permanently Disabled** when **Any Occupation** is shown in Your Policy Schedule mean that:

- solely because of a Sickness or Injury, the Life Insured has not been working in any occupation for three consecutive months and, in our opinion, after consideration of medical and any other evidence, is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to work in any occupation for which they are reasonably suited by training, education or experience which would pay remuneration at a rate greater than 25% of the Life Insured's Earnings during their last 12 months of work; or
- solely because of a Sickness or Injury, the Life Insured has suffered at least 25% impairment of Whole Person Function and has not been working in any occupation, and, in our opinion, after consideration of medical and any other evidence, is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to work in any occupation for which they are reasonably suited by training, education or experience which would pay remuneration at a rate greater than 25% of the Life Insured's Earnings during their last 12 months of work; or
- the Life Insured suffers:
 - Blindness (permanent); or
 - Loss of use of Limbs (permanent); or
 - Loss of Sight in One Eye and of use of a Single Limb (permanent); or
- the Life Insured is totally and permanently unable to perform at least two of the five Activities of Daily Living without the physical assistance of another person; or
- where the Life Insured has been solely performing Normal Domestic Duties for more than 12 consecutive months immediately before the Sickness or Injury that gives rise to the claimable event:
 - the Life Insured has not been able to perform the Normal Domestic Duties for three consecutive months; and
 - in our opinion, after consideration of medical and any other evidence, is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to perform all of the Normal Domestic Duties.

When cover is structured through superannuation, the Life Insured must also satisfy the SIS definition of Permanent Incapacity.

From the Policy anniversary before the Life Insured's 65th birthday, 'Total and Permanent Disability', and 'Totally and Permanently Disabled' mean that the Life Insured suffers:

- Loss of Independent Existence (permanent); or
- Loss of use of Limbs (permanent); or
- Blindness (permanent).

Total and Permanent Disability and **Totally and Permanently Disabled** when **Own Occupation** is shown in Your Policy Schedule mean that:

- solely because of a Sickness or Injury, the Life Insured has not been working in their Own Occupation for three consecutive months and in our opinion, after consideration of medical and any other evidence, is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to work in their Own Occupation; or
- solely because of a Sickness or Injury, the Life Insured has suffered at least 25% impairment of Whole Person Function and has not been working in any occupation, and, in our opinion, after consideration of medical and any other evidence, is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to work in any occupation for which they are reasonably suited by training, education or experience which would pay remuneration at a rate greater than 25% of the Life Insured's Earnings during their last 12 months of work; or
- the Life Insured suffers:
 - Blindness (permanent and irreversible); or
 - Loss of use of Limbs (permanent); or
 - Loss of Sight in One Eye and use of a Single Limb (permanent); or
- the Life Insured is totally and permanently unable to perform at least two of the five Activities of Daily Living without the physical assistance of another person; or
- where the Life Insured has been solely performing Normal Domestic Duties for more than 12 consecutive months immediately before the Sickness or Injury that gives rise to the claimable event:
 - the Life Insured has not been able to perform the Normal Domestic Duties for three consecutive months; and
 - in our opinion, after consideration of medical and any other evidence, is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to perform all of the Normal Domestic Duties.

From the Policy anniversary before the Life Insured's 65th birthday, 'Total and Permanent Disability', and 'Totally and Permanently Disabled' mean that the Life Insured suffers:

- Loss of Independent Existence (permanent); or
- Loss of use of Limbs (permanent); or
- Blindness (permanent).

Total and Permanent Disability and **Totally and Permanently Disabled** when '**ADL' (Activities of Daily Living)** is shown in Your Policy Schedule mean that the Life Insured is totally and permanently unable to perform at least two of the five Activities of Daily Living without the physical assistance of another person or suffers:

- Blindness (permanent); or
- Loss of use of Limbs (permanent)
- Loss of Sight in One Eye and use of a Single Limb (permanent); or
- Significant Cognitive Impairment.

When cover is structured through superannuation, the Life Insured must also satisfy the SIS definition of Permanent Incapacity.

Waiting Period means the period of time between the Life Insured suffering disability and disability benefits starting to accrue. If the Life Insured does not consult a Medical Practitioner concerning the Sickness or Injury causing disability within seven days of the Sickness starting, or the Injury occurring, the Waiting Period will start when the Life Insured consults a Medical Practitioner.

8.2 Superannuation Definitions

The following definitions have been reproduced from SIS. You should be aware that if any of these definitions are changed in SIS, the corresponding definition reproduced here will be obsolete and replaced by the amended definition in SIS.

Permanent Incapacity in relation to a member of a superannuation fund means ill-health (whether physical or mental), where the trustee is reasonably satisfied that the member is unlikely, because of the ill-health, to engage in gainful employment for which the member is reasonably qualified by education, training or experience.

Temporary Incapacity in relation to a member of a superannuation fund who has ceased to be gainfully employed (including a member who has ceased temporarily to receive any gain or reward under a continuing arrangement for the member to be gainfully employed), means ill-health (whether physical or mental) that caused the member to cease to be gainfully employed but does not constitute Permanent Incapacity.

Terminal Medical Condition exists in relation to a member of a superannuation fund at a particular time if the following circumstances exist:

- two registered medical practitioners have certified, jointly or separately, that the person suffers from an illness, or has incurred an injury, that is likely to result in the death of the person within a period (the certification period) that ends not more than 24 months after the date of the certification;
- at least one of the registered medical practitioners is a specialist practicing in an area related to the illness or injury suffered by the person;
- for each of the certificates, the certification period has not ended.

Interim Cover

Interim Cover is issued by TAL Life Limited.

This section sets out important information about Interim Cover. In this section references to 'you' or 'your' includes the life to be insured.

We provide you with limited Interim Cover at no additional cost while your application is being assessed.

Interim Cover is subject to:

- the terms and conditions which apply to the Plan(s) being applied for as set out in the Accelerated Protection Policy Document, and
- the additional terms and conditions for Interim Cover, as follows.

Interim Cover is subject to the Accelerated Protection Underwriting guidelines. This means we may be unable to verify the amount of Interim Cover (if any) until our assessment of your Application is completed. Any conditions or restrictions that would have applied to your Policy based on our Underwriting guidelines will also apply to any Interim Cover claim you may make.

A claim during the Interim Cover period will affect our assessment of your Application and the terms of any Policy that we may subsequently issue to you or the Policy Owner. Any benefits payable under Interim Cover are payable to the Policy Owner, except where your application is in relation to TAL Super where we will pay the Benefit Amount directly to you. If Death benefit is payable, it will be paid to your legal personal representative. For Superlink IP and Superlink TPD applications, any benefits payable will be paid under the non-superannuation Policy.

If you suffer a Sickness or Injury before your application being accepted by us (but after we receive your application), that Sickness or Injury will be taken into account in our assessment of your application once a decision on your Interim Cover claim is finalised.

Commencement of Interim Cover

Cover will start for applications using the paper Application Form from the date we receive your fully completed, signed and dated Application Form.

Cover will start for applications using the electronic Application Form submitted to us online by your financial adviser, from the date your fully completed Application Form is received by us. In the event that your adviser has requested that we obtain the answers to the health and lifestyle questions in the electronic Application Form directly from you, cover will start from the date we receive the answers to these questions.

For Income Protection insurance, you must be Totally Disabled at the end of the applied for waiting period to be eligible for the Interim Cover benefit.

Cessation of Interim Cover

Interim Cover will cease for each Plan applied for upon the earliest of:

- the Plan start date;

How to make changes

Please give us at least 7 days notice before your next premium due date for either:

- altering any of your direct debit or financial institution details, or
- stopping or suspending any debits, or cancelling the DDR Agreement completely.

If you do any of these, you will need to make alternative arrangements for future premiums to continue your Policy.

If you prefer you may contact your financial institution directly to alter¹, stop, cancel or dispute any debit.

¹ Note: in relation to the above reference to 'alter', your financial institution may alter your debit payment only to the extent of advising us of your new account details.
