Accelerated Protection

Important Note

This Product Disclosure Statement (PDS) gives you important information about an insurance policy known as Accelerated Protection. You should consider the PDS in deciding whether to acquire or continue to hold the product.

Accelerated Protection, also called the 'Policy', is issued by TAL Life Limited (TAL, we, us, our). The formal terms and conditions of the Policy are set out in the Policy Document and the Policy Schedule which will be sent to you once the Policy is issued by us. The Policy Document is also available from your financial adviser or from our Customer Service Centre on 1300 209 088.

You can structure Accelerated Protection through the TAL Superannuation and Insurance Fund ABN 20 891 605 180 USI 20891605180001 (the Fund) in which case:

- you become a member of the Fund;
- TAL Superannuation Limited (TASL) as Trustee of the Fund (Trustee) owns the Policy on your behalf;
- premiums and benefit payments are therefore made through the Fund and subject to restrictions in the superannuation law; and
- some features of the Policy will not apply.

This PDS gives you important information about structuring the Policy through the Fund.

You can also structure Accelerated Protection through a self-managed superannuation fund where you are a member of that fund.

In this PDS, where we make reference to cover that is structured 'through superannuation', this means that the cover is owned by the Trustee of the Fund or by the trustee of a self-managed superannuation fund.

Details of the insurer and Trustee are as follows:

TAL Life Limited
ABN 70 050 109 450
AFSL 237 848

TAL Superannuation Limited
ABN 69 003 059 407
AFSL 237 851

Both TAL and TASL take full responsibility for the whole of this PDS. However, TAL is not responsible for the operation of the Fund and TASL is not responsible for the operation of Accelerated Protection other than reviewing claims decisions.

The information in this PDS is current at the date of issue. From time to time we may change or update information that is not materially adverse by providing a notice of any such changes on our website, www.tal.com.au. If you'd like a free printed copy of the updated information, please contact our Customer Service Centre on 1300 209 088. The information contained in this PDS is of a general nature and does not take into account your individual objectives, financial situation or needs. You should consider how appropriate the insurance is in regards to your objectives, financial situation and needs, and seek advice from your financial adviser before deciding on appropriate insurance cover.

Applications for Accelerated Protection and, where required, to join the Fund may be made by using the online Accelerated Protection Application Form or the paper Accelerated Protection Application Form that is available from your financial adviser. Additional information we require for assessment can be collected from you or your adviser via paper or electronic forms or by providing information by telephone.

You will see that there are a number of terms in this PDS that have been capitalised. These terms have a particular definition when used in the PDS or Policy Document. We have included some of the definitions on page 35 of this PDS. All of the defined terms are explained fully in the Policy Document. If there is any inconsistency between this PDS and the Policy Document, the full terms and conditions contained in the Policy Document will prevail to the extent of the inconsistency. It's important to read these definitions carefully because their meanings are relevant to your decision to apply for cover, our assessment of your application, your eligibility for insurance cover, your ability to make a claim and our decision in relation to any claim you may make. You should seek advice from your financial adviser if you are unsure of any of the definitions or what they mean for your insurance cover. We have also reproduced definitions from the Superannuation Industry (Supervision) Regulations 1994 (SIS) as at 1 May 2016 on page 38 of this PDS and in the Policy Document.

In this PDS, 'Policy' means the Accelerated Protection Policy and the 'Policy Owner' means the person who legally owns the Policy, including TASL where you have structured your Policy through the Fund.

Where you take Accelerated Protection through another superannuation fund, the trustee of that superannuation fund will be the Policy Owner as it holds the Policy on your behalf. We use 'Life Insured' to refer to the person whose life is insured under the Policy. 'You' and 'your' refer to either the Policy Owner or the Life Insured as required by the context. If you are in any doubt, please speak to your financial adviser and read the Policy Document.

Other important information

You should be aware that some Limitations and Exclusions will apply to your Policy. This means that in some cases we will not pay a claim or will pay a claim only in limited circumstances. Please see page 21 for a summary of the Limitations and Exclusions.

We encourage you to read through the Policy Document and Policy Schedule carefully and make yourself aware of these conditions. Full details of the Limitations and Exclusions can be found in the relevant insurance terms and conditions set out in Part 9 of the Policy Document and the specific matters (if any) set out in your Policy Schedule. There are other risks you should consider when deciding to purchase this Policy, including:

1. that the insurance you have chosen might be inadequate to protect your circumstances;
2. that claims may not be paid and this Policy may be cancelled where you have failed to comply with the Duty of Disclosure set out on page 27 or you have made a fraudulent claim;
3. that the Policy may be cancelled if you have failed to pay your premium by the due date, in the circumstances described on page 25; and
4. if you structure Accelerated Protection through superannuation, the cost of premiums paid may gradually reduce your superannuation over time, leading to a lower balance at retirement. Accordingly, both your retirement and protection objectives should be kept in mind when structuring insurance through superannuation.

Protect what matters most in life. Introducing Accelerated Protection.

Having the right kind of life insurance gives you and your family more power to make plans, and more confidence that you can achieve them.

We've developed a range of options to suit the way you live. We call it Accelerated Protection and you can mix and match its options to fit in with your own life plans – for now, and for the future.

Paying claims is why we're here

First things first. If you commit to life insurance, you want to know the commitment is returned. The ultimate test of that commitment is if you need to claim. Our commitment to you is first and foremost, we're here when you need us: fast, responsive and compassionate. In fact, on average every working day, we pay \$4.5 million in claims.

This is what you need to know

This booklet is known as a Product Disclosure Statement (PDS). It tells you what you need to know about the various Accelerated Protection life insurance options you can choose from. Your financial adviser will help you decide which option – or Policy – will suit you. You should read the information about your Policy in this PDS carefully before you make a decision about purchasing it. To find out about all the terms and conditions, ask your financial adviser for a copy of the Policy Document. You can also call our Customer Service Centre on 1300 209 088.

What to expect when you sign up with us

If you make an application and we accept it, you'll receive a Policy Schedule outlining your specific cover details, and a Policy Document containing the formal terms and conditions of your chosen insurance option. Together, the Policy Schedule and Policy Document form your insurance contract with us.

You can change your mind

If you change your mind about purchasing insurance with us within 30 days of the date your Policy is issued, you can cancel the Policy and receive a full refund of the Premium you've paid. This only applies if you haven't made a claim. To receive your refund, simply provide a written request to cancel the Policy within the 30 days. And you don't have to tell us why you've changed your mind.

If your Policy is structured through your superannuation, different rules may apply. You can still change your mind and cancel the Policy within 30 days of it being issued. However your premium refund may be subject to superannuation preservation rules. So instead of a cash payment, your refund may be returned to the trustee of the superannuation fund.

① INSURANCE OUTSIDE SUPERANNUATION

Structuring your policy

1. CHOOSE ONE OR MORE INSURANCE PLAN

2. ATTACH BENEFITS

If you make a claim on an **Attached Benefit**, the Benefit Amount on any other benefits you may be entitled to will reduce, as will the cost of your premium.

i INSURANCE THROUGH SUPERANNUATION

You can choose to structure your Accelerated Protection through a complying superannuation fund. This means the trustee of the fund becomes the Policy Owner and you become a member of the fund.

When benefits are paid, they will be received by the trustee who will then distribute them in accordance with the governing rules of the superannuation fund and superannuation law.

Check with the trustee of your superannuation fund to see whether they are able to pay TAL your insurance premiums from your member account. This would be the case for most self-managed superannuation funds.

If you are not a member of a complying superannuation fund, or you are a member of a fund which cannot pay us insurance premiums from your member account, you can still take out Accelerated Protection through superannuation by becoming a member of the Fund. This applies to Life insurance, TPD insurance and Income Protection.

If you structure your Accelerated Protection through superannuation you may receive taxation benefits, so it's important to seek financial advice before you make this decision. Superannuation law is complex, so this advice should be specific to your circumstances. Please see Tax Information on page 33 for more information.

There are some important differences between owning your insurance yourself and purchasing your insurance through superannuation. For example, some benefits will not apply as set out in this PDS. However, in some circumstances purchasing insurance through superannuation may be more advantageous.

Should you choose to structure your Income Protection insurance through superannuation you should be aware that due to the definition of "gainfully employed" under superannuation law, unemployment in the period immediately prior to Total Disability or Partial Disability may have the result that no benefits are payable. Should you become unemployed, you may be able to have your premiums for this period waived, for up to 12 months, under the Superannuation Pause Benefit (see page 14).

When Income Protection insurance is structured through superannuation on an Agreed Value basis you should be aware that payments through the Temporary Incapacity condition of release will be restricted by superannuation law to the member's average Monthly Earnings in the 12 month period immediately prior to the start of the Waiting Period.

If you are concerned about the potential complications of Income Protection through superannuation, you should speak to your financial adviser.

For more information about structuring your insurance through the TAL Superannuation and Insurance Fund please see page 31.

Structuring your policy

1. CHOOSE ONE OR MORE INSURANCE PLAN

2. ATTACH BENEFITS

3. LINK PLANS NOT OWNED THROUGH SUPERANNUATION

If you make a claim on a **Linked Plan**, the Benefit Amount on any other benefits you may be entitled to will reduce, as will the cost of your premium.

If you make a claim on a **Superlink Plan**, we will first assess the claim against the Plan structured through superannuation to see if the benefits are consistent with a superannuation condition of release. If no benefit is payable, or the amount is restricted, we will then assess against the Superlinked Plan held outside of superannuation.

3 Limitations and Exclusions

Each benefit available under Accelerated Protection is subject to terms and conditions that, amongst other things, help us to make decisions on payments in a consistent and fair manner.

These terms and conditions are contained in the Policy Document, which will be sent to you once your application for insurance is accepted. A copy is also available from your financial adviser or by calling our Customer Service Centre on 1300 209 088.

When deciding on the right protection for your needs, you should consider the limitations and exclusions outlined below and how they apply to certain benefits. These limitations and exclusions modify the circumstances in which we will pay a claim and the amount payable in particular circumstances. These are set out in the Policy Document.

We are also not liable to pay a claim or may reduce a benefit arising from or in any way connected with anything we have specifically excluded or adjusted in your Policy Schedule. Please be aware, if you purchase Accelerated Protection to replace an existing policy, until you cancel the other policy, no claim will be paid under Accelerated Protection. If the previous policy is not cancelled and a claim occurs, any premiums paid to us will be refunded, and no benefit will be paid.

Benefit Limitations

The person in relation to whom a claim has been made has an obligation to mitigate his or her loss. This means that person must not knowingly contribute to the severity or longevity of the disability being claimed, otherwise the claim, or a part of the claim, may not be accepted.

The Life Insured must follow the reasonable advice of a Medical Practitioner. This includes following and actively participating in a recommended course of treatment and rehabilitation for any conditions on which the claim is being made.

Both the eligibility and extent of any claim payments relating to Sickness or Injury will be based solely on the impact of the Sickness or Injury. We will exclude any claims made on the basis of additional impact due to economic, seasonal or non-medical factors.

Life insurance

When will we not pay on Life insurance?

No payments will be made under Life insurance, and any optional benefits, if the event giving rise to the claim is caused directly or indirectly by an intentional, self-inflicted act by the Life Insured:

- within 13 months after the Plan start date;
- within 13 months after the date of an applied for increase but only in respect of the increased amount; and
- within 13 months after the most recent date we agreed to reinstate either the Plan or Policy.

We will waive the above exclusion if, immediately prior to the commencement of cover, you had death cover on the Life Insured which was in force for at least 13 consecutive months (without the death cover lapsing and/or being reinstated) with TAL or another insurer, and you have replaced the death cover with Life insurance (hereunder). The waiver will only apply up to the level of cover you had with TAL or the other insurer. Should you reinstate your death cover at any time, this exclusion will recommence from the date of reinstatement.

No premiums will be waived under the Premium Relief Option if the event giving rise to the claim is caused directly or indirectly by:

- an intentional, self-inflicted act by the Life Insured; or
- pregnancy, unless disability continues for longer than three months after the Pregnancy ends, in which case disability will be considered to have started at the date the pregnancy ends.

When will Life insurance be reduced?

Where the Policy Schedule indicates that TPD insurance is Attached or Linked to Life insurance then payments under TPD insurance will reduce the Life insurance Benefit Amount by the amount paid. Where the Policy Schedule indicates that Critical Illness insurance is Attached or Linked to Life insurance, then payments under Critical Illness insurance will reduce the Life insurance Benefit Amount by the amount paid.

Critical Illness insurance

When will we not pay on Critical Illness insurance?

No payments will be made under Critical Illness insurance and any optional benefits:

- if the event giving rise to the claim is caused directly or indirectly by an intentional, self-inflicted act by the Life Insured; or
- in the case of Angioplasty, Coronary Artery Bypass Surgery, Cancer, Heart Attack, Heart Valve Surgery, Minor Heart Attack, Open Heart Surgery, Out of Hospital Cardiac Arrest, Triple Vessel Angioplasty, Stroke, Carcinoma In Situ, Diagnosed Benign Brain Tumour, Early Stage Chronic Lymphocytic Leukaemia, Early Stage Melanoma, Adult onset insulin-dependent diabetes mellitus diagnosed after age 30 or Early Stage Prostate Cancer if the condition occurred or was diagnosed, or the signs or symptoms leading to diagnosis became apparent to the Life Insured or would have become apparent to a reasonable person in the position of the Life Insured:
 - within three months after the Plan start date;
 - within three months after the date of an applied for increase but only in respect of the increase; and
 - within three months after the most recent date we agreed to reinstate either the Plan or Policy.

3 Limitations and Exclusions *continued*

We will waive this three-month period if, immediately prior to the commencement of cover, we or another insurer covered the Life Insured for the same specified Critical Illness events and you have transferred your critical illness cover to Critical Illness insurance hereunder (and the transfer was not within our or the other insurer's three-month period). The waiver will only apply up to the level of critical illness cover that you had with us or the other insurer. Should you reinstate your cover at any time, the three-month period will recommence from the date of reinstatement.

Unless Attached or Linked to Life insurance, no payment will be made under Critical Illness insurance unless the Life Insured survives a Critical Illness Event for at least 14 days. No payment will be made under the Premium Relief Option if the event giving rise to the claim is caused directly or indirectly by:

- an intentional, self-inflicted act by the Life Insured; or
- pregnancy, unless disability continues for longer than three months after the pregnancy ends, in which case disability will be considered to have started at the date the pregnancy ends.

Under the Child's Critical Illness Option or the Child's Critical Illness Benefit, no payments will be made for Cancer, Heart Attack or Stroke if that event occurred or was diagnosed, or the signs or symptoms leading to diagnosis became apparent, within three months after the:

- Child's Critical Illness Option or Child's Critical Illness Benefit start date; or
- most recent date we agreed to reinstate either the Plan or Policy.

No payment will be made under the Child's Critical Illness Option or Child's Critical Illness Benefit if the Critical Illness Event is caused directly or indirectly by the intentional act of a person who stands to derive a benefit from the claim payment.

When will Critical Illness insurance be reduced?

The Benefit Amount will be reduced by payments under the:

- Advancement Benefit;
- Critical Illness Events:
 - Angioplasty;
 - Minor Heart Attack;
- Paralysis Support Benefit;
- Needlestick Benefit; or
- Female Critical Illness Benefit.

Where Critical Illness insurance is Attached or Linked to Life insurance, the Benefit Amount will be reduced by any Death Benefit, Terminal Illness Benefit or TPD insurance Attached or Linked to Life insurance (if applicable) paid.

Where TPD insurance is Attached to Critical Illness insurance then payments under TPD insurance will reduce the Attached Critical Illness insurance Benefit Amount by the amount paid.

TPD insurance

When will we not pay on TPD insurance?

No payment will be made under TPD insurance and any optional benefits, if the event giving rise to the claim is caused directly or indirectly by an intentional, self-inflicted act by the Life Insured.

No premiums will be waived under the Premium Relief Option if the event giving rise to the claim is caused directly or indirectly by:

- an intentional, self-inflicted act by the Life Insured; or
- pregnancy, unless disability continues for longer than three months after the pregnancy ends, in which case disability will be considered to have started at the date the pregnancy ends.

Unless Attached or Linked to Life insurance, no payment will be made under TPD insurance unless the Life Insured survives the Sickness or Injury which resulted in Total and Permanent Disability for at least 14 days.

When will TPD insurance be reduced?

Where TPD insurance is Attached or Linked to Life insurance, the Benefit Amount will be reduced by any Death Benefit, Terminal Illness Benefit or Critical Illness insurance Attached or Linked to Life insurance (if applicable) paid.

Where TPD insurance is Attached to Critical Illness insurance, the Benefit Amount will be reduced by any Critical Illness insurance paid.

If Superlink TPD Insurance is reduced or increased under one Policy, Superlink TPD Insurance on the other Policy will be reduced or increased (as applicable) at the same time. If TPD is cancelled under the superannuation Policy, the non-superannuation Policy will also be cancelled; however, where TPD is cancelled under the non-superannuation Policy, cover will continue under the superannuation Policy, and Superlink TPD will no longer apply.

Income Protection Super, Standard and Premier

When will we not pay on Income Protection Super, Standard or Premier?

No payment will be made under Income Protection and any optional benefits, if the event giving rise to the claim is caused directly or indirectly by:

- an intentional, self-inflicted act by the Life Insured;
- pregnancy, unless disability continues for longer than three months after the pregnancy ends, in which case disability will be considered to have started at the date the pregnancy ends; or
- War or an act of war at any time, even if the disability manifests itself after the War or warlike activity.

No payment will be made under the Critical Illness Option unless the Life Insured survives a Critical Illness Event for at least 14 days.

Income Protection Super, Standard and Premier Adjustments

Adjustments to the Plan only apply to payments under Total and Partial Disability Benefits.

If the occupation class of the Life Insured is AAA or AA+, a reduction will only be made if the Life Insured received other payment(s) through any other individual or group disability income insurance, credit or mortgage insurance not disclosed at the time of, or subsequently taken out after, Underwriting, increase in benefits or reinstatement of the Policy.

For all other occupation classes, a reduction will only be made if the Life Insured receives other payments through:

- any other individual or group disability income insurance, credit or mortgage insurance not disclosed at the time of, or subsequently taken out after, Underwriting, increase in benefits or reinstatement of the Policy; or
- workers' compensation, common law or statute where such payments are in respect of the disability of the Life Insured and in calculating the payment the relevant authority did not, or could not, take into account payments due under the Plan.

When Income Protection is structured through superannuation, a reduction will only be made if the Life Insured receives other payments through:

- any other individual or group disability income insurance, credit or mortgage insurance;
- workers' compensation, common law or statute where such payments are in respect of the disability of the Life Insured, and in calculating the payment the relevant authority did not, or could not, take into account payments due under the Plan; or
- sick leave, where the Life Insured has accrued entitlements at the commencement of the Waiting Period and chooses to use those entitlements during the Benefit Period.

If the workers' compensation, common law, or statute payment is received as a lump sum, it will be converted to income on the basis of 1% of the lump sum for each month that a disability benefit is paid. The disability payment will be calculated taking this figure into account for a maximum of eight years.

If an adjustment applies it will be to ensure that the Benefit Amount plus the other payments is not greater than 75% of the first \$26,666 (\$320,000 p.a.) of Pre-Disability Earnings, 50% of the next \$20,000 (\$240,000 p.a.) to a maximum \$30,000 (\$360,000 p.a.) monthly Benefit Amount except in either of the following circumstances:

- Where the monthly Benefit Amount is greater than \$30,000 (\$360,000 p.a.) through increases under the Inflation Protection Benefit a reduction will apply to ensure that the amount paid over \$30,000 is not greater than 20% of Pre-Disability Earnings greater than \$46,666 (\$560,000 p.a.); and
- Where you have an additional benefit for a Benefit Period of one or two years in addition to the maximum Benefit Amount, a reduction will apply to the additional benefit to ensure that the amount paid for this additional benefit plus the other payments is not greater than 20% of Pre-Disability Earnings greater than \$46,666 (\$560,000 p.a.) to a maximum of \$30,000 monthly Benefit Amount (\$360,000 p.a.).

The amount of the reduction will not exceed the amount of the other payments. No benefit will be paid when the other payments, plus the Monthly Earnings of the Life Insured in the month to be paid, is greater than or equal to 100% of Pre-Disability Earnings. In those months that a benefit payment is reduced, a proportionate refund of premiums paid for the Life Insured will be made. The refund will be $A \times B$, where:

- A = the percentage reduction in the benefit payment; and
- B = the average monthly Income Protection premium (less the premium for benefit options or packages under it) over the 12 months prior to the claim starting.

The refund will be made for the lesser of 12 months or the number of months your Income Protection was in force prior to the claim starting.

Maximum Benefit Payable

Where you have Income Protection (Super, Standard, Premier or Income Protection Super with Superlink IP selected), Retirement Protection Option or Disability Plus Option benefits payable, the maximum monthly benefit payable on any one claim is \$30,000, plus any increases applicable under the Inflation Protection Benefit. Where you also have an additional Benefit Amount for a Benefit Period of one or two years, this additional benefit (inclusive of Retirement Protection Option and Disability Plus Option) will also be restricted to \$30,000 plus any increases applicable under the Inflation Protection Benefit.

Income Protection Optimal

When will we not pay on Income Protection Optimal?

No payment will be made under Income Protection Optimal, if the event giving rise to the claim is caused directly or indirectly by:

- an intentionally self-inflicted act by the Life Insured;
- uncomplicated pregnancy;
- War or an act of war at any time, even if the disability manifests itself after the War or warlike activity; or
- any other specific event or cause agreed between you and us.

No benefit is payable unless the Life Insured seeks advice and undertakes treatment from a Medical Practitioner, and continues to do so during the currency of any period of Total Disability or Partial Disability.

We may reduce or decline to pay benefits during any period or periods of Total Disability or Partial Disability which are caused by failure to seek and follow medical advice or treatment.

Income Protection Optimal Adjustments

For Income Protection Optimal, if the Life Insured is self-employed and we classify his or her occupation as AAA or AA+, we will not reduce any Total Disability or Partial Disability Benefit payable because money is recoverable from other sources.

In all other cases, we will recalculate the Total Disability or Partial Disability Benefit taking into account:

- payments from an employer or previous employer (such as sick leave);
- worker's compensation or social security payments in respect of lost income (excluding any specified pain or suffering component); and
- regular payments received from other disability or income protection insurance policies.

We will recalculate the Total Disability or the Partial Disability Benefit so that the amount we pay, when added to the Life Insured's Earned Income and the other amounts listed above, does not exceed the benefit otherwise payable.

If any of the amounts listed above are paid as a lump sum, we will treat them as if they had been paid in the form of an equivalent annual amount calculated by our actuary by reference to the circumstances in which the payments were made. If benefits are reduced in accordance with this provision, a proportionate refund of premiums paid will be made (where premiums are not otherwise being waived), as long as we are not obliged to pay the amount reduced to another entity. The refund will be calculated by multiplying the percentage reduction in Total Disability or Partial Disability Benefit by the monthly premium referable to the period of Total Disability or Partial Disability during which the benefit is reduced.

Business Expense insurance

When will we not pay on Business Expense insurance?

No payment will be made under Business Expense insurance if the event giving rise to the claim is caused directly or indirectly by:

- an intentional, self-inflicted act by the Life Insured;
- pregnancy, unless disability continues for longer than three months after the pregnancy ends, in which case disability will be considered to have started at the date the pregnancy ends; or
- War or an act of war at any time, even if the disability manifests itself after the War or warlike activity.

Business Expense insurance Adjustments

Adjustments to the Plan only apply to payments under Total Disability and Partial Disability Benefits.

A reduction will only be made if the Life Insured receives other payments through any other business expense insurance.

In those months that a benefit payment is reduced, a proportionate refund of premiums paid for the Life Insured will be made.

The refund will be $A \times B$, where:

- A = the percentage reduction in the benefit payment; and
- B = the average monthly premium over the 12 months prior to the claim starting.

The refund will be made for the lesser of 12 months or the number of months Business Expense insurance was in force prior to the claim starting.

4 What are the costs?

The cost of your Policy depends on a range of factors, including the type of cover, the Life Insured's age and gender, whether or not the Life Insured smokes, the length of time you have had your Policy and how often you choose to pay your premiums.

We also take the Life Insured's occupation, health, income and personal pastimes into account. Once we know a little bit about the Life Insured and the cover he or she requires, we can then determine the basic costs involved. Sometimes discounts may apply to certain policies, however these may not apply for the full term of your Policy.

In addition to the Policy cost, Government duties and charges are included in your premium and a Policy Fee will also apply. Please see page 26 for details of the Policy Fee.

To give you an idea of the costs involved, our minimum premium is currently \$220 a year for a new Policy and \$110 a year for an increase to an existing Policy. We recommend you contact your financial adviser to obtain an accurate quotation for your circumstances.

When you are provided with a Policy Schedule, you should read it carefully. The Policy Schedule will show you the first year's premium amount or the first instalment premium amount. The premium amount will also include any extra amounts charged to you when we accepted your application or reinstated your Policy or a Plan under it.

Premium payable

All premiums are payable by the Policy Owner in advance, by the due date shown in your Policy Schedule (unless otherwise advised).

For subsequent years, we'll advise you of your new premium before each Policy anniversary.

Payment frequency and method

Premiums are payable either yearly, half-yearly, quarterly or monthly. A frequency discount of approximately eight per cent applies to yearly or half-yearly premiums. Premiums may be paid by:

- direct debit;
- credit card (MasterCard or Visa);
- rollover where structured through superannuation (yearly payments only);
- cheque (for quarterly, half-yearly and yearly payments only); or
- BPAY® (Biller Code: 7955), (for quarterly, half-yearly and yearly payments only).

Non-payment or late payment of premiums

If we do not receive premiums by the due date, we will send a reminder notice and allow a grace period of at least 30 days, beyond the premium due date, in which to pay the premium. If we do not receive the payment by the end of the grace period stated in your reminder notice, your Policy will lapse.

If this happens, you will need to apply to have your Policy reinstated if you require continuation of the cover at a later time.

Stepped premiums

If you select stepped premiums, the amount you pay will generally increase at each Policy anniversary.

Level premiums

If you select level premiums, the amount you pay will be based on the Life Insured's age at the Plan start date and premiums will remain the same until the premium type reverts to stepped premiums. Until this time, your premium will only increase if your Benefit Amount increases, including through the Inflation Protection Benefit. We offer level premiums in two different ways:

- Level Premium to age 65, where Level premiums revert to Stepped premium rates on the Policy anniversary date immediately preceding the Life Insured's 65th birthday; or
- Level Premium to age 70, where Level premiums revert to Stepped premium rates on the Policy anniversary date immediately preceding the Life Insured's 70th birthday. This option is available on selected Plans, speak to your financial adviser for eligibility.

4 What are the costs? *continued*

Changes in premium

We can increase the premium rates or Policy fees. If we do increase our premium rates or Policy fees, we will give notification of the change prior to the increase taking effect. Premium rates are guaranteed not to change prior to the first anniversary of the Policy.

Level premium rates for Life insurance are guaranteed not to increase until the Policy anniversary date prior to the Life Insured's:

- 65th birthday, where Level Premium to age 65 is selected; or
- 70th birthday, where Level Premium to age 70 is selected,

except if due to any increase due to any tax, duty or charge introduced by Government.

No one individual Policy can be singled out for an increase in premium rates because of an adverse change in the health or circumstances of the Life Insured, once the risk is accepted.

Additional increases to Benefit Amounts

In some circumstances, we may agree to accept a voluntary increase in Benefit Amounts, even where a voluntary increase, if accepted, would result in the Benefit Amount exceeding the limits set out under the relevant Plan Conditions. We may write to you from time to time to see if you wish to request a voluntary increase. Any request for a voluntary increase is subject to the Duty of Disclosure outlined and will involve a recalculation of your premium.

Changes to Your Policy

The conditions of the Policy can be changed if required, but only if agreed to by both you and us (or the Trustee if applicable). TAL reserves the right to apply an underwriting assessment to any Policy alteration that requires underwriting. Any change must be confirmed in writing by an authorised member of our staff.

Policy Fee

In addition to your premium, a Policy Fee is payable under Accelerated Protection. This fee is included in the premium payment described in the Policy Schedule. The Policy Fee amount included in each premium payment depends on the premium frequency, as shown in the table below.

Premium Frequency	Per Instalment	Annual Equivalent
Yearly	\$77.00	\$77.00
Half Yearly	\$38.50	\$77.00
Quarterly	\$21.00	\$84.00
Monthly	\$7.00	\$84.00

The Policy Fee will be increased on each subsequent Policy anniversary to allow for inflation. The rate of increase in the Policy Fee will be the greater of the Indexation Factor or five per cent.

Commission

We may pay commissions and other benefits to your financial adviser. Any amounts paid are factored into the cost of your Policy. Your financial adviser will provide details of the benefits they will receive in the Financial Services Guide and Statement of Advice that they will give to you.

Can TAL cancel your Policy?

As long as your premium payments are up-to-date, your Policy will remain current until the Plan end date. This means your insurance Policy will continue regardless of any changes in your health, occupation, pastimes or income.

We will honour claim payments in line with the Policy Conditions if:

- you have complied with the Duty of Disclosure; and
- you and the Life Insured have answered all questions in your Application Form honestly and accurately; and
- your claim is genuine.

We are able to cancel your Policy if you make a fraudulent claim.

5 Important information about your cover

Duty of Disclosure

Before you enter into an insurance contract with us, you and any life to be insured are required under the Insurance Contracts Act 1984 to provide us with the information we need to decide whether we'll accept your application for insurance, what terms will apply and what your premium will be. For the purposes of this Duty of Disclosure section, 'You' includes both the Policy Owner and the Life Insured.

You have this duty until we agree to insure you.

You have the same duty before you renew, extend, vary or reinstate an insurance contract.

You do not need to tell us anything that:

- reduces the risk we insure you for; or
- is common knowledge; or
- we know or should know as an insurer; or
- we waive your duty to tell us about.

If the insurance is for the life of another person and that person does not tell us everything he or she should have, this may be treated as a failure by you to tell us something that you must tell us.

If you do not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate contracts of life insurance. If they do, we may apply the following rights separately to each type of cover.

If you do not tell us anything you are required to, and we would not have insured you if you had told us, we may avoid the contract within 3 years of entering into it.

If we choose not to avoid the contract, we may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told us everything you should have. However, if the contract has a surrender value, or provides cover on death, we may only exercise this right within 3 years of entering into the contract.

If we choose not to avoid the contract or reduce the amount you have been insured for, we may, at any time vary the contract in a way that places us in the same position we would have been in if you had told us everything you should have. However, this right does not apply if the contract has a surrender value or provides cover on death.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

If you have applied for your Accelerated Protection Policy via a financial adviser it is also your responsibility to ensure that the information provided to your adviser is accurate and complete and that the correct information is entered into the paper or electronic Application Form.

Your cover – when it starts and ends and some important things for you to do

If we accept your application and you have paid the first premium and we issue a Policy Schedule, your cover will start.

When you decide to purchase an Accelerated Protection Policy and we agree to provide cover, you will receive a Policy Schedule and Policy Document which set out the terms of the contract between TAL and you as the Policy Owner.

The Policy Schedule indicates the Plan start date, identifies the Policy Owner, and outlines the benefits, options, specific exclusions and adjustments that apply to a Life Insured. You will need to provide the Policy Schedule to us if you have to make a claim under Accelerated Protection.

Please read this Policy Document and the Policy Schedule carefully to ensure the terms and conditions meet your needs. These are important documents and should be kept in a safe place.

If the Policy is altered at any time you will receive a new Policy Schedule or confirmation reflecting the agreed changes.

If the Policy is owned by more than one person, it will be owned on a joint tenancy basis.

The date your cover ends depends on the conditions outlined in the Policy Document.

Taxation

If you are considering the tax implications of purchasing cover, it is important you seek independent, professional taxation advice. The complexity of taxation laws and rulings is such that this advice should be specific to your circumstances regarding any tax implications of purchasing a policy or investing in or contributing to superannuation. The following information regarding the taxation rules in force at the date of this statement is provided as a general guide only.

We reserve the right to make changes to Accelerated Protection and premium rates in response to any taxation or other legal changes.

Goods and Services Tax

Accelerated Protection is treated as input taxed under the Goods and Services Tax Act 1999 and any cost of GST will be included in the premium rates. An input tax credit will not be available to the Policy Owner.

Tax deductions

For Income Protection and Business Expense insurance, premiums are generally tax deductible and benefits paid are generally assessable as income. This is not the case for Life, TPD and Critical Illness insurances. This may vary if insurance is taken out for business purposes and you should seek professional taxation advice. Contributions to a superannuation fund may also be eligible for tax deductions depending on the circumstances.

5 Important Information about your cover *continued*

Capital Gains Tax

Benefits payable under this Policy may be assessed under the capital gains provisions if you are not the original owner of Accelerated Protection (as defined under the Income Tax Assessment Act 1997), and you acquired Accelerated Protection for consideration.

Tax Withholding

We usually do not deduct or remit tax from claim payments, unless required to by law.

We may request further personal information in the future, for example, if you want to make a claim and we need to collect health or financial information. If you do not supply the required information, we may not be able to provide the requested product or service or pay the claim.

In processing and administering your insurance (including at the time of claim) we may disclose your personal information to other parties such as organisations to whom we outsource our mailing and information technology, Government regulatory bodies and other companies within the TAL group and accountants (if applicable). We may also disclose your personal information (including health information) to other bodies such as reinsurers, your financial adviser, health

If you prefer not to receive direct marketing communications from our organisation you can let us know using any of the communication methods above.

We rely on the accuracy of the information you provide. If you think that we hold information about you that is incorrect, please let us know using the communication methods above.

Under the current privacy legislation, you are generally entitled to access the personal information we hold about you. To access that information, simply make a request in writing. This process enables us to confirm your identity for security reasons and to protect your personal information from being sought by a person other than yourself.

There are some limited exemptions where TAL would be unable to provide the personal information that we hold about you such as the following circumstances:

- we reasonably believe that giving access would pose a serious threat to the life, health or safety of any individual, or to public health or public safety;
- giving access would have an unreasonable impact on the privacy of other individuals;
- the request for access is frivolous or vexatious;
- the information relates to existing or anticipated legal proceedings between TAL and you and the information would not be accessible by the process of discovery in those proceedings;
- giving access would reveal our intentions in relation to negotiations with you in such a way as to prejudice those negotiations;
- giving access would be unlawful;
- denying access is required or authorised by or under an Australian law or a court/tribunal order;
- we have reason to suspect that unlawful activity, or misconduct of a serious nature, that relates to our functions or activities has been, is being or may be engaged in and giving access would be likely to prejudice the taking of appropriate action in relation to the matter;

- giving access would be likely to prejudice one or more enforcement related activities conducted by, or on behalf of, an enforcement body; or
- giving access would reveal evaluative information generated within the entity in connection with a commercially sensitive decision making process.

If, for any reason we decline your request to access and/or update your information, we will provide you with details of the reasons. In some circumstances it may be appropriate to provide copies of complex medical information to a treating GP rather than directly to our customer so that the medical terminology can be explained.

Additional information about privacy legislation can be found at the website of the Privacy Commissioner at <http://www.oaic.gov.au/> including sensible steps that individuals can take to protect their information when dealing with organisations and when using modern technology.

Making a claim

When it comes to making a claim you need to follow the requirements set out in your Policy Document. After you become aware of any claim or potential claim under Accelerated Protection, you must notify us at your earliest opportunity.

Claims will only be paid if the requirements in the Policy Document have been met. We will tell you what information we need at each stage of your claim. We usually require you to complete a claim form and certain claim information. You must prove your claim in such a manner as we may reasonably request. Furthermore, we may require proof of any continuing entitlement from time to time, medical examinations at our expense and assistance (for Income Protection claims) in the ongoing management of the claim, including participation in recovery and rehabilitation support programs.

No benefit will be payable under this Policy without proof of age being submitted to us. Since age, status as a smoker or non-smoker and other risk factors affect our Underwriting of the Policy, claims may be affected if this information is not consistent with your application.

Please note that we may need to carry out procedures to identify you, or, in the event of your death, your beneficiaries and may need to verify the identification information provided.

Guaranteed renewal of cover

As long as you and the Life Insured have complied with the Duty of Disclosure, answered all our questions accurately and fully paid your premiums when due, Accelerated Protection continues until all cover ends. See the section titled 'Your cover – when it starts and ends and some important things for you to do' on page 27 for more information. This guarantee of renewal applies regardless of any change in the Life Insured's health or personal circumstances.

Guarantee of upgrade

Where improvements are made to benefits without increasing the premium rates, these improvements will be included in your Policy. You will be notified of the changes and improvements via one or more of: notice in writing, on our website and via your adviser.

In the unlikely event that you are unexpectedly disadvantaged in any way, then the former wording of the condition will apply. Naturally if the life insured has any existing symptoms prior to an improved condition being included, then payment under the improved condition will not be made.

No cash value

None of the benefits outlined in this document – Life insurance, Life insurance (through superannuation), Critical Illness insurance, TPD insurance, Income Protection, Income Protection (through superannuation) or Business Expense insurance – have a cash value if cancelled. The premiums paid represent the amounts due for undertaking the risk of the insured event occurring.

Statutory Fund

The Policy will be issued from TAL's No.1 Statutory Fund.

6 TAL Superannuation and Insurance Fund

Important information

This section sets out important information about the TAL Superannuation and Insurance Fund (Fund). The Fund is a resident regulated superannuation fund in accordance with the *Superannuation Industry (Supervision) Act 1993* (SIS). Where Accelerated Protection is issued to you through the Fund, the terms and conditions of the Policy may be varied in the manner set out in this PDS. In these circumstances we recommend that you read the entire PDS, including this section.

Joining the Fund

The first step in the joining process is for your financial adviser to submit your application. If your application for insurance is accepted, and the Trustee is able to accept contributions or rollovers for you, you will then become a member of the Fund.

Insurance cover under the Fund

Once you are a member of the Fund and if TAL has agreed to issue cover to the Trustee in respect of you, TAL will issue Accelerated Protection to the Trustee. The Trustee will be the Policy Owner and you will then be the Life Insured through the Fund.

Please note that you do not have an accumulation account in the Fund, as the Trustee will immediately pay all contributions and rollovers received for you to TAL to pay your Accelerated Protection premiums. Your membership of the Fund is for the provision of insurance benefits only.

In circumstances agreed by the Trustee and TAL, an overpayment of premium may be held on the policy in order to reduce future premiums. No interest will be paid in these circumstances.

Trust Deed

The Fund is governed by rules set out in its Trust Deed. While the Trustee is able to amend these rules (under certain restrictions) the Trust Deed may not be amended to reduce your accrued benefits without your consent. The only exception to this is if the reduction is allowed under superannuation law.

Under the Trust Deed, the Trustee is not generally liable to you for any act or omission other than where the Trustee has failed to act honestly, or where the Trustee has intentionally and/or recklessly failed to exercise the degree of due care and diligence that it was required to exercise.

The Trustee has the right to indemnity from the Fund for all liabilities it may incur, except in the case of fraud, wilful neglect or misconduct. The Trustee has arranged professional liability insurance which provides cover for wrongful acts.

Please refer to our website at www.tal.com.au to obtain a copy of the Trust Deed.

Providing your Tax File Number (TFN)

TAL has agreed with the Trustee of the Fund not to issue any Policy in respect of a Member who has not provided the Trustee with their TFN. This means that to be eligible for cover through the Fund you must be prepared to quote your TFN to the Trustee.

The Trustee is authorised to collect individuals' TFNs under superannuation law and will request that you supply your TFN. Your TFN will only be used for lawful purposes which include administering the Fund and may only be disclosed as permitted by the applicable laws. The purposes for which we are able to use your TFN may change in the future as a result of legislative change. You are under no obligation to provide your TFN and declining to quote your TFN is not an offence.

Nominating a beneficiary

Understanding who receives your superannuation benefit including any insurance benefit in the event of your death is important. Under the rules of the Fund, the Trustee has the discretion to determine to whom and in what proportions any death benefit is payable. You may, however, nominate your legal personal representative and/or dependants as your preferred beneficiaries and the Trustee will consider your wishes in the event of your death.

How do I nominate a beneficiary for my Death Benefit?

In the event of your death, benefits will be paid to one or more of your dependants or to your legal personal representative as the Trustee determines. For superannuation and tax purposes, the definition of a 'Dependant' includes any of the following:

- a spouse, which includes a person (whether of the same or different sex) with whom the member is in a relationship that is registered under a law of a State or territory, or a person who, although not legally married to the member, lives with the member on a genuine basis in a relationship as a couple;
- a child of the member, including adopted child, step-child, ex-nuptial child or child of the member's spouse (for tax purposes a child must be under age 18);
- a person who is financially dependent on the member;
- a person with whom the member has an 'interdependency relationship' (see over the following page).

It is recommended that any nomination of beneficiaries made by you be reviewed regularly, particularly if a change in circumstances has occurred (e.g. marriage or divorce).

Binding Nominations

Generally your nomination is only a guide for us and we are obliged to pay your Death Benefit in accordance with the Trust Deed and superannuation laws. If you wish to make your nomination binding, the Trust Deed and superannuation laws require special conditions to be met.

When making (or amending) a binding nomination, the application must be signed in the presence of two witnesses. Both of these witnesses need to be over the age of 18 and cannot be beneficiaries under the binding nomination.

Each binding nomination remains valid for only three years, so if you do choose this option it is your responsibility to renew your nomination and advise the Trustee of appropriate changes.

If your nomination expires or is invalid at the time of your death, the Trustee has the discretion to determine to whom and in what proportions any death benefit is payable.

What is an interdependency relationship?

An interdependency relationship is defined as where two people (whether or not related by family):

- live together; and
- have a close personal relationship; and
- one or each of them provides the other with financial support; and
- one or each of them provides the other with domestic support and personal care.

An interdependency relationship can also exist where there is a close personal relationship between two people who do not satisfy all other criteria for interdependency because either or both of them suffer from a physical, intellectual, psychiatric or other disability.

General information about superannuation

The following information is provided to assist you in understanding your options. It is general information only and is not intended to be a comprehensive statement of the laws applying to superannuation. You should talk to your financial adviser about your personal circumstances.

Contributions to the Fund

Contributions can only be made to the Fund in accordance with superannuation law. Superannuation law stipulates the way in which employer, personal and spouse contributions can be made as well as work requirements and age limits in relation to the member for which the contribution has been made.

Payment of a Death Benefit

Superannuation law specifies that a death benefit can only be paid to the following:

- member's spouse (married, de facto or same sex couples);

- child of the member of any age (including adopted child, stepchild and ex-nuptial child);
- the member's legal representative;
- any person who was financially dependent on the member at the time of death; and
- any person with whom the member had an interdependency relationship.

Where after reasonable searches the Trustee cannot locate any of these persons, it may pay the death benefit to an individual non-dependant such as a parent or sibling.

Payment of superannuation benefits

Other than death benefits, a superannuation benefit can only be paid where the member meets a condition of release under applicable superannuation law. In a general sense, these circumstances include Permanent Incapacity, Temporary Incapacity, Terminal Medical Condition, retirement (or the person has reached their preservation age), the termination of employment after age 60, leaving Australia after holding an eligible temporary resident visa, financial hardship or compassionate grounds. Rules relating to when superannuation benefits can be accessed are complex, so you should consult your financial adviser for further information.

Superannuation and family law

Provisions in the Family Law Act enable parties who are married to require superannuation fund trustees to carry out certain actions in relation to superannuation entitlements. Members (married persons only) should note that their spouse will be able to request the Trustee to disclose information in relation to the member's benefit entitlements ('Request for Information').

Members must understand that the Trustee is prohibited by law from informing them that such a request was made. The Trustee will not pass any information in relation to your present whereabouts to the person making the Request for Information.

Spouse contribution arrangements

Under current rules, you are allowed to contribute to superannuation on behalf of your spouse and for your spouse to contribute to superannuation for you. A spouse can make 'eligible spouse' contributions into a superannuation fund, as long as the spouse for whom contributions are being made (i.e. the receiving spouse) is either:

- under age 65, or
- aged from 65 to age 69, and has worked at least 40 hours in a consecutive 30-day period in the financial year that contributions were made.

Eligible spouses (including a married or de facto spouse or same sex couple) who make superannuation contributions may be entitled to a tax offset of up to \$540 per annum for superannuation contributions made, provided that the spouse in respect of whom they are made is on a low income or not working.

It is your responsibility to maintain a record of eligible spouse contributions made for the purpose of claiming the offset.

Payment by Rollover

- If you are funding your insurance through superannuation, you must ensure that the cost of premiums do not inappropriately erode your retirement savings;
- please be advised there are some circumstances where the trustee of an originating fund may be unable to pay a rollover.

Superannuation – Further points to consider

- The laws governing the application of superannuation are complex and the statements provided here are general in nature and based on current law;
- You should obtain your own independent advice on the taxation implications of joining the Fund and in maintaining insurance cover through the Fund; and
- As your circumstances change, so may the tax treatment of your contributions and any other payments made through the Fund.

Tax Information

A number of changes to the tax rules relating to superannuation were announced in the Federal Budget handed down on 3 May 2016. These include some changes that were announced to apply from 3 May 2016 (for instance regarding the non-concessional contribution cap), as well as many changes announced to apply from 1 July 2017. However the changes have not been legislated as at the date of this PDS and therefore the general information provided below does not reflect the announced changes. Unless otherwise stated, the general information provided below is based on the law that is in force at the time this PDS was prepared. We recommend that you obtain independent, professional tax advice that takes into account your specific circumstances regarding the tax and superannuation implications of investing in or contributing to superannuation and joining the Fund.

Individual Members

If you are self-employed, substantially self-employed or are not an employee (or you only get a very small proportion of your income from work as an employee), you may be eligible for a tax deduction for your personal superannuation contributions.

Self-employed people are eligible to claim a tax deduction for contributions made to superannuation on their own behalf, until age 75.

Concessional contributions for the 2016/2017 financial year will be capped at \$30,000 for those under age 49 years on 30 June 2016 and \$35,000 for those aged 49 years or over on 30 June 2016. These are the current concessional contribution limits. Where concessional contributions in excess of this cap are made in a financial year the ATO will issue the member an assessment taxing the excess at the member's marginal tax rate (plus the Medicare levy and Temporary Budget Repair levy, where applicable). The member will be entitled to a tax offset equal to 15% of their excess concessional contribution (reflecting generally the tax already assessed to the recipient fund). An interest charge also applies for the

deferral of tax. Members may elect to withdraw up to 85% of their excess concessional contributions from the Fund.

If you have made concessional contributions to superannuation and you are a low income earner, you may be eligible for the government low income super contribution of up to \$500 annually.

There are also limits on the amount of post-tax or 'non-concessional contributions' that can be made on behalf of a member. Non-concessional contributions include personal contributions for which you do not claim an income tax deduction. If you choose to make personal, non-concessional contributions to superannuation, you may be eligible for a government co-contribution payment.

Under the current law non-concessional contributions made to super are subject to an annual cap of \$180,000, although there is a 'bring-forward' option as discussed below. You will be taxed on non-concessional contributions over the cap at the rate of 47%, plus the Medicare levy.

There is a 'bring-forward' option available, meaning that people under 65 years of age can bring forward two years' entitlements to non-concessional contributions.

In the Federal Budget handed down on 3 May 2016 it was announced that from 7.30pm (AEST) on 3 May 2016 there will be a lifetime cap of \$500,000 on non-concessional superannuation contributions which will replace the \$180,000 cap and 'bring-forward' rule. This \$500,000 cap will take into account all non-concessional contributions made on or after 1 July 2007 and will be indexed in future years. As at the date of this PDS this change has not been legislated.

If your income is less than \$51,021 (for the 2016/2017 financial year), you may also benefit from Government co-contributions if you make a personal after tax contribution to your superannuation.

The Government co-contribution is a payment made by the Federal Government to the superannuation account of eligible members who make personal non-concessional contributions. For more information contact your financial adviser or the Australian Tax Office (ATO) Superannuation Hotline on 13 10 20.

Employers

Employer contributions are tax deductible to the employer where they are made for the purpose of providing superannuation benefits for an employee or the employee's dependants.

Employers are entitled to claim a deduction for contributions paid to complying funds for employees aged:

- under age 75; or
- 75 and over, where contributions are required under relevant industrial awards.

Tax paid on death benefits

All lump sum death benefits are tax free if paid to a dependant (for tax purposes) or the member's estate where the beneficiaries are dependants of the member (for tax purposes). Lump sum death benefits paid to non-dependants (for tax purposes) or the member's estate to the extent the beneficiaries are not dependants for tax purposes, are taxed at the lower of the recipient's marginal tax rate and 15%, plus the Medicare levy (for elements taxed in the Fund) or taxed at the lower of the recipient's marginal tax rate and 30%, plus the Medicare levy (for elements untaxed in the Fund, such as insurance proceeds), though the trustee of the estate does not bear the Medicare levy.

Tax paid on Terminal Illness Benefits

Terminal illness benefits paid to members are tax free.

Tax paid on Income Protection Benefits

When an Income Protection Benefit is paid, this constitutes assessable income in the hands of the recipient and will be taxed at the recipient's marginal tax rate, plus the Medicare levy and other levies, where applicable.

Where TAL or the Fund is required by law to deduct any tax, duty, impost or the like in connection with the payment of a benefit, TAL will deduct the required amount from the payment and forward it to the relevant authority.

Tax paid on TPD Benefits

Total and Permanent Disablement Benefits are taxed at different rates, depending on your age when you were disabled and your age at the date of payment.

7 Definitions

Words used in this PDS that are capitalised have the meaning given to them in the Policy. Some of the relevant definitions are extracted from the Policy Document and repeated below. You should read your Policy Document for these and any other defined terms.

General Definitions

Accident or **Accidental** unless under Income Protection Optimal means an accident caused wholly by violent, accidental, external and visible means.

Accident under Income Protection Optimal means an Injury caused solely and directly by accidental, violent, external and visible means that stops the Life Insured performing one or more of the duties of his/her Own Occupation necessary to produce income as confirmed by a Medical Practitioner and the Life Insured is not engaged in his/her Own Occupation, nor any other gainful occupation.

Activities of Daily Living (ADL) are:

- Bathing – the ability to shower and bathe;
- Dressing – the ability to put on and take off clothing;
- Toileting – the ability to get on and off and use the toilet;
- Mobility – the ability to get in and out of bed and a chair; and
- Feeding – the ability to get food from a plate into the mouth.

Earned Income means:

- a) if paragraph (b) does not apply, annual salary, fees, commissions, bonuses and any other income considered part of the Life Insured's remuneration package, earned by him or her for services performed; or
- b) if the Life Insured is self-employed, a working director or partner in a partnership, total annual income earned in the conduct of the business or profession due to the Life Insured's personal exertion less their share of business expenses necessarily incurred in the conduct of the business or profession.

In either case, Earned Income does not include any income which is not generated by the Life Insured's personal or vocational activities.

Income paid from other disability income policies, retirement plans, lump sum disability payments, rental income and investment income are some examples of income we would not consider part of Earned Income.

Fund means the TAL Superannuation and Insurance Fund.

Injury means an Accidental bodily injury suffered by the Life Insured.

Linked or **Linking** means the connection of two separate Policies whereby the payment under a Plan purchased under one Policy effects a corresponding reduction in the Benefit Amount payable under the other (Linked) Policy and a reduction in the total premium payable.

Loss of Independent Existence means Significant Cognitive Impairment or the total and irrecoverable loss of ability, due to Sickness or Injury, to perform at least two of the Activities of Daily Living without the physical assistance of another person.

Monthly Earnings generally include salary, award superannuation contributions, bonuses, commission, fees, fringe benefits and regular overtime.

When the Life Insured does not directly or indirectly own all or part of the business in which his or her work is performed (ignoring shares in publicly listed companies), Monthly Earnings is the monthly value of the remuneration paid by the employer in respect of the work performed by the Life Insured. This will be determined by calculating the amount the Life Insured would have to receive if total remuneration was received as a salary or wage (before income tax is deducted).

When the Life Insured does directly or indirectly own all or part of the business in which his or her work is performed (ignoring shares in publicly listed companies), Monthly Earnings is:

- the monthly value of remuneration paid by the business to the Life Insured as a result of personal exertion; and
- the Life Insured's share of the profits of the business, generated through work performed by the Life Insured, after the deduction of business expenses, both of which are determined in line with the usual manner that the profits and/or losses of the business are divided between the Life Insured and any co-owners of the business.

Normal Domestic Duties means:

- cooking meals – to use kitchen and cooking utensils, appliances and equipment to prepare more than the most basic meals for oneself and/or others; and
- cleaning the home – to use domestic appliances and equipment to clean and maintain a home and do laundry to basic standards; and
- shopping for food – to shop for everyday household provisions; and
- driving a car – the physical ability to drive a car; and
- providing care for children and/or dependent adults (where applicable).

Partial Disability and Partially Disabled

Under Income Protection (Super and Standard) and Business Expense insurance, mean that, solely because of a Sickness or Injury the Life Insured:

- is working or capable of working; and
- is following the advice of a Medical Practitioner; and
- has suffered a reduction of 20% or more, in the ability to:
 - generate Monthly Earnings; or
 - perform the income producing duties; or
 - maintain the same number of hours worked, in the Life Insured’s Own Occupation.

Under Income Protection Premier mean that, solely because of a Sickness or Injury the Life Insured:

- is working in his or her Own Occupation or any Gainful Occupation, but in a reduced capacity; and
- is following the advice of a Medical Practitioner; and
- has suffered a reduction of 20% or more, in the ability to:
 - generate Monthly Earnings; or
 - perform the income-producing duties; or
 - maintain the same number of hours worked, in the Life Insured’s Own Occupation.

Under Income Protection Optimal mean that, solely because of a Sickness or Injury the Life Insured:

- is unable to perform one or more of the important income producing duties of the Life Insured’s Own Occupation; and
- is following the advice of a Medical Practitioner; and
- has suffered a reduction in Earned Income.

Sickness means an illness or disease suffered by the Life Insured, and is diagnosed by a Medical Practitioner.

Superlink IP allows Income Protection Standard or Income Protection Premier to be Superlinked to an Income Protection Super Policy.

If you select the Superlink option, two policies will be issued. An Income Protection Super Policy will be issued to the trustee of a superannuation fund, and a second non-superannuation Income Protection Standard Policy or Income Protection Premier Policy will be issued to the Life Insured and Superlinked to the Income Protection Super Policy. Your Policy Schedules will indicate where Superlink applies for Income Protection.

The following conditions apply for the two Policies:

- the Income Protection monthly Benefit Amount, Type of Cover (Agreed Value or Indemnity), Waiting Period, Benefit Period, and any loadings or exclusions (if applicable) of each Policy must always be the same;
- in the event Income Protection is reduced or increased under one Policy, Income Protection on the other Policy will be reduced or increased (as applicable) at the same time;

- should Income Protection be cancelled under the Income Protection Super Policy, the non-superannuation Policy will also be cancelled; however, where Income Protection is cancelled under the non-superannuation Policy, cover will continue under the Income Protection Super Policy, and Superlink IP will no longer apply;
- the maximum benefits payable under both Policies will never exceed that which would be payable under a single Income Protection Standard or Income Protection Premier Policy (as applicable).

Claims will first be assessed with reference to the terms and conditions under the Income Protection Super Policy, and any amount payable will be paid to the trustee of the superannuation fund on your behalf. Any benefits not payable under the Income Protection Super Policy may be paid under the non-superannuation Policy, subject to the Life Insured meeting the applicable terms and conditions.

Superlink TPD allows you to purchase TPD insurance with an ‘Own Occupation’ definition of TPD where the “Any Occupation” definition component of the TPD Insurance is held within superannuation and the “Own Occupation” definition component is held outside of superannuation.

Two Policies will be issued, one of which will be issued to the trustee of a superannuation fund, and the other will be issued outside of superannuation. These Policies will be Linked and the following additional conditions apply:

- the TPD Benefit Amount, any optional benefits selected, and any loadings or exclusions (if applicable) of each Policy must always be the same;
- in the event that TPD Insurance is reduced or increased under one Policy, TPD Insurance on the other Policy will be reduced or increased (as applicable) at the same time;
- should TPD be cancelled under the superannuation Policy, the non-superannuation Policy will also be cancelled; however, where TPD is cancelled under the non-superannuation Policy, cover will continue under the superannuation Policy, and Superlink TPD will no longer apply.

Claims will first be assessed using the “Any Occupation” definition and the SIS definition of Permanent Incapacity under the superannuation Policy. If these definitions are satisfied the Benefit Amount insured will be paid to the trustee. If these definitions are not satisfied, the claim will be assessed using the ‘Own Occupation’ definition of TPD under the non-superannuation Policy and any Benefit Amount payable will be paid to the Policy Owner.

Claims will only be considered under the non-superannuation Policy where the SIS definition of Permanent Incapacity is not satisfied.

Your Policy Schedules will indicate when Superlink TPD applies.

Terminally Ill and Terminal Illness means an illness or condition where, after having regard to the current treatment or such treatment as the Life Insured may reasonably be expected to receive, the Life Insured has a life expectancy of less than 12 months.

When Life Insurance is structured through superannuation, the Life Insured must also satisfy the SIS definition of Terminal Medical Condition.

Total Disability and Totally Disabled

Under Income Protection (Super, Standard and Premier) and Business Expense Insurance mean that, solely because of a Sickness or Injury, the Life Insured is following the advice of a Medical Practitioner and:

- is not working in any Gainful Occupation and is unable to perform one or more of the important income-producing duties in the Life Insured's Own Occupation; or
- is not working in any Gainful Occupation and has suffered a reduction of 80% or more in the ability to generate Monthly Earnings in the Life Insured's Own Occupation; or
- is unable to perform their important income-producing duties for more than 10 hours per week and;
 - for Income Protection Super and Standard, and Business Expenses insurance, is not in any Gainful Occupation; or
 - for Income Protection Premier, his or her Monthly Earnings are less than their Pre-Disability Earnings.

Where Income Protection Super has been selected (as indicated in the Policy Schedule), the Life Insured must also satisfy the SIS definition of Temporary Incapacity.

Under Income Protection Optimal mean that:

- the Life Insured has suffered a Specified Injury; or
- solely because of a Sickness or Injury the Life Insured:
 - is not currently working in any Gainful Occupation; and
 - is following the advice of a Medical Practitioner; and
 - is unable to perform one or more of the important income-producing duties of the Life Insured's Own Occupation.

suitably by training, education or experience which would pay remuneration at a rate greater than 25% of the Life Insured's earnings during their last 12 months of work; or

- the Life Insured suffers:
 - Blindness; or
 - Loss of Limbs; or
 - Loss of a Single Limb and Loss of Sight; or
- the Life Insured is totally and permanently unable to perform at least two of the five Activities of Daily Living without the physical assistance of another person; or
- where the Life Insured has been solely performing Normal Domestic Duties for more than 12 consecutive months immediately prior to the Sickness or Injury that gives rise to the claimable event:
 - the Life Insured has not been able to perform the Normal Domestic Duties for three consecutive months; and
 - in our opinion, after consideration of medical and any other evidence, is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to perform all of the Normal Domestic Duties.

When cover is structured through superannuation, the Life Insured must also satisfy the SIS definition of Permanent Incapacity.

From the Policy anniversary prior to the Life Insured's 65th birthday, 'Total and Permanent Disability', and 'Totally and Permanently Disabled' mean that the Life Insured suffers:

- Loss of Independent Existence; or
- Loss of Limbs; or
- Blindness.

Total and Permanent Disability and Totally and Permanently Disabled when **Own Occupation** is shown in Your Policy Schedule mean that:

- solely because of a Sickness or Injury, the Life Insured has not been working in their Own Occupation for three consecutive months and in our opinion, after consideration of medical and any other evidence, is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to work in their Own Occupation; or
- solely because of a Sickness or Injury, the Life Insured has suffered at least 25% impairment of Whole Person Function and has not been working in any occupation, and, in our opinion, after consideration of medical and any other evidence, is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to work in any occupation for which they are reasonably suited by training, education or experience which would pay remuneration at a rate greater than 25% of the Life Insured's earnings during their last 12 months of work; or
- the Life Insured suffers:
 - Blindness; or
 - Loss of Limbs; or
 - Loss of a Single Limb and Loss of Sight; or
- the Life Insured is totally and permanently unable to perform at least two of the five Activities of Daily Living without the physical assistance of another person; or

Total and Permanent Disability and Totally and Permanently Disabled when **Any Occupation** is shown in Your Policy Schedule mean that:

- solely because of a Sickness or Injury, the Life Insured has not been working in any occupation for three consecutive months and, in our opinion, after consideration of medical and any other evidence, is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to work in any occupation for which they are reasonably suited by training, education or experience which would pay remuneration at a rate greater than 25% of the Life Insured's earnings during their last 12 months of work; or

 - the Life Insured has not been able to perform the Normal Domestic Duties for three consecutive months; and
 - in our opinion, after consideration of medical and any other evidence, is incapacitated to such an extent as to render the Life Insured unlikely ever to be able to perform all of the Normal Domestic Duties.

From the Policy anniversary prior to the Life Insured's 65th birthday, 'Total and Permanent Disability', and 'Totally and Permanently Disabled' mean that the Life Insured suffers:

- Loss of Independent Existence; or

Total and Permanent Disability and **Totally and Permanently Disabled** when 'ADL' (**Activities of Daily Living**) is shown in Your Policy Schedule mean that the Life Insured is totally and permanently unable to perform at least two of the five Activities of Daily Living without the physical assistance of another person.

When cover is structured through superannuation, the Life Insured must also satisfy the SIS definition of Permanent Incapacity.

Waiting Period means the period of time between the Life Insured suffering disability and disability benefits starting to accrue. If the Life Insured does not consult a Medical Practitioner concerning the Sickness or Injury causing disability within seven days of the Sickness starting, or the Injury occurring, the Waiting Period will start when the Life Insured consults a Medical Practitioner.

Superannuation Definitions

The following definitions have been reproduced from SIS. You should be aware that if any of these definitions are changed in SIS, the corresponding definition reproduced here will be obsolete and replaced by the amended definition in SIS.

Permanent Incapacity in relation to a member of a superannuation fund means ill-health (whether physical or mental), where the trustee is reasonably satisfied that the member is unlikely, because of the ill-health, to engage in gainful employment for which the member is reasonably qualified by education, training or experience.

Temporary Incapacity in relation to a member of a superannuation fund who has ceased to be gainfully employed (including a member who has ceased temporarily to receive any gain or reward under a continuing arrangement for the member to be gainfully employed), means ill-health (whether physical or mental) that caused the member to cease to be gainfully employed but does not constitute Permanent Incapacity.

Terminal Medical Condition exists in relation to a member of a superannuation fund at a particular time if the following circumstances exist:

- two registered medical practitioners have certified, jointly or separately, that the person suffers from an illness, or has incurred an injury, that is likely to result in the death of the person within a period (the certification period) that ends not more than 24 months after the date of the certification;
- at least one of the registered medical practitioners is a specialist practicing in an area related to the illness or injury suffered by the person;
- for each of the certificates, the certification period has not ended.

8 Interim Cover

Interim Cover

We provide you with limited Interim Cover at no additional cost while your application is being assessed.

Interim Cover is subject to:

- the terms and conditions which apply to the Plan(s) being applied for as set out in the Accelerated Protection Policy Document, and
- the additional terms and conditions for Interim Cover, as follows.

Interim Cover is subject to the Accelerated Protection Underwriting guidelines. This means we may be unable to verify the amount of Interim Cover (if any) until our assessment of your Application is completed. Any conditions or restrictions that would have applied to your Policy based on our Underwriting guidelines will also apply to any Interim Cover claim you may make.

A claim during the Interim Cover period will affect our assessment of your Application and the terms of any Policy that we may subsequently issue to you.

If the life to be insured suffers a Sickness or Injury prior to your application being accepted by us (but after we receive your Application Form), that Sickness or Injury will be taken into account in our assessment of your application once a decision on your Interim Cover claim is finalised.

Interim Cover Benefit

We will extend Interim Cover to you based on the cover type you have applied for.

Cover Type	Benefit
Life Insurance	If you have applied for Life insurance, and the life to be insured dies we will pay the Interim Cover Benefit for Life insurance.
TPD Insurance	If you have applied for TPD insurance, and the life to be insured becomes Totally and Permanently Disabled we will pay the Interim Cover Benefit for TPD insurance. The definition of TPD will be that applied for in the application except that where an Own Occupation definition is sought the Any Occupation definition will apply to Interim Cover. Unless TPD insurance is Attached or Linked the life to be insured must survive for at least 14 days after the event that caused Total and Permanent Disability.
Critical Illness Insurance	If you have applied for Critical Illness insurance, and the life to be insured suffers a Critical Illness condition listed on page 9 of this PDS that does not have a ¹ or ⁴ next to the named condition, we will pay the Interim Cover Benefit for Critical Illness insurance. Unless Critical Illness insurance is Attached or Linked the life to be insured must survive for at least 14 days after suffering the Critical Illness event.
Child's Critical Illness Option	If you have applied for the Child's Critical Illness Option, and the child to be insured suffers a Critical Illness condition listed on page 10 of this PDS that does not have a ¹ next to the named condition, we will pay the Interim Cover Benefit for Child's Critical Illness Option.
Income Protection	If you applied for Income Protection, and the life to be insured suffers Total Disability as defined for the protection applied for (Super, Standard, Premier or Optimal), we will pay the Interim Cover Benefit for Income Protection. Interim Cover does not apply to any optional benefits under Income Protection. For Income Protection Optimal, Interim Cover is payable only if the Total Disability is caused by an Accident only.
Business Expense Insurance	If you applied for Business Expense insurance, and the life to be insured suffers Total Disability, we will pay the Interim Cover Benefit for Business Expense insurance. Interim Cover does not apply to any optional benefits under Business Expense insurance.

Commencement of Interim Cover

Cover will start for applications using the paper Application Form from the date we receive your fully completed, signed and dated Application Form.

Cover will start for applications using the electronic Application Form submitted to us online by your financial adviser, from the date your fully completed Application Form is received by us. In the event that your adviser has requested that we obtain the answers to the health and lifestyle questions in the electronic Application Form directly from you, cover will start from the date we receive the answers to these questions.

For Income Protection, you must be Totally Disabled at the end of the applied for waiting period to be eligible for the Interim Cover benefit.

Cessation of Interim Cover

Interim Cover will cease for each Plan applied for upon the earliest of:

- the Plan start date;
- the date you withdraw your Application;
- the expiration of 90 days from when we receive a fully completed Application Form;
- we inform your financial adviser that your Plan has not been accepted.

Benefit Amount Payable

The Interim Cover Benefit we will pay will be the lesser of:

- the Benefit Amount applied for;
- the difference between the Benefit Amount applied for and any existing insurance with TAL or any other insurer which you stated on your Application Form is to be replaced;
- the reduced Benefit Amount that would be offered where, under our Underwriting rules, we would offer a lower Benefit Amount to that applied for;
- the reduced Benefit Amount the premium would purchase where we would apply a premium adjustment under our Underwriting rules; and
- the maximum amount payable under Interim Cover for each type of cover as specified below:

Cover Type	Maximum Benefit Payable ¹
Life Insurance	\$1,000,000
TPD Insurance	\$500,000
Critical Illness insurance	\$500,000
Child's Critical Illness Option	\$50,000
Income Protection	\$10,000 per month, subject to adjustments, and limited to a maximum of 12 months
Business Expense insurance	\$10,000 per month and limited to a maximum of 12 months

The maximum amount payable¹ is limited to a total amount payable of \$1,000,000 for any one life to be insured in respect of all insurances, with TAL or any other insurer, under Interim Cover.

¹ If an electronic Application Form is submitted by your financial adviser and your cover is accepted by our online Underwriting engine, these maximums do not apply, and we will cover the life to be insured on the basis of the Benefit Amount applied for.

When we will not pay Interim Cover

We will not pay any benefits under the Interim Cover where:

- the Underwriting decision appropriate at the time immediately preceding the Sickness or Injury for which the Interim Cover claim is made, would have been to:
 - decline cover; or
 - exclude that Sickness or Injury;
- we are unable to complete our Underwriting assessment and your Interim Cover claim is due to Sickness;
- the Sickness or Injury resulted from participation in any travel, occupation, sport or pastime which we would not normally provide cover (or accepted cover only with a loading or restriction) to the insured person during their participation in such travel, occupation, sport or pastime; and
- the condition being claimed for was caused by, or in any way contributed to by:
 - suicide;
 - an intentional self-inflicted act;
 - use of alcohol, recreational or non-prescription drugs, or any drug taken other than as medically directed;
 - any Sickness, Injury or medical condition you were aware of, or a reasonable person in your position would have been aware of, at any time before the date of the application.

Cover will also be restricted or may not be available if you or the life to be insured have not complied with the Duty of Disclosure, or would not have been entitled to the amount of cover applied for in your application.

9 Direct debit arrangements

Direct Debit Request Service Agreement

This Direct Debit Request Service Agreement (DDR Agreement) is issued by TAL, to enable you to understand your rights and responsibilities as a new customer when making premium payments by direct debit. It allows TAL to debit your nominated account to meet the premiums for your policy.

Please keep this DDR Agreement in a safe place for future reference.

Our Commitment To You

We ensure that we:

- will give you at least 14 days written notice if there are any changes to the terms of this DDR Agreement, and
- will keep all information relating to your nominated financial institution account confidential, except where required for the purposes of conducting direct debits with your financial institution, or otherwise as required by law.

Your Commitment To Us

If you do commit to a DDR Agreement please ensure that:

- the account you have nominated can accept direct debits,
- all account holders for this nominated account agree to this Agreement, and
- that there are sufficient funds available in the nominated account, on the due dates, to cover the premiums. If there isn't, you may incur dishonour fees from your financial institution and your Policy may lapse. Dishonour fees will not be charged by TAL.

If a premium due date falls on a weekend or a public holiday, we will automatically debit the payment on the next business day.

If you provide us, directly or indirectly, with new or updated bank account details (for payment through the direct debit system), these conditions will also apply to that request.

How to make changes

Please give us at least 7 days notice before your next premium due date for either:

- altering any of your direct debit or financial institution details, or
- stopping or suspending any debits, or cancelling the DDR Agreement completely.

If you do any of these, you will need to make alternative arrangements for future premiums to continue your Policy.

If you prefer you may contact your financial institution directly to alter¹, stop, cancel or dispute any debit.

¹ Note: in relation to the above reference to 'alter', your financial institution may alter your debit payment only to the extent of advising us of your new account details.

If you wish to make any of the changes, as outlined above, or wish to dispute a debit you can do so in writing or by phone. The contact details are:
